British Record First Phone Call Utilizing Telstar

Out-of-This-World Rivalry with French Created by English

NEW YORK (AP)—The British jumped the gun and put through the first trans-Atlantic telephone call via Telstar Thursday night. The space communications satellite thus generated an out-of-this-world rivalry between the English and the French.

France made an unscheduled start on transatlantic telecasting Wednesday night. The British called it a "clear breach of faith" and, in apparent retaliation, beat the French to the draw on international phone calls via space.

The call between scientists in Britain and the United States lasted about 10 minutes and concerned mainly technical matters.

A spokesman for the British Post Office, which controls broadcasting in England much as the Federal Communications Commission does here, termed the experiment a success.

The French denied they broke an agreement which called for the first European television program to be received in the U.S. July 23. Citing a technicality, the French said the agreement provided that the joint European telecast would be "live," while theirs was pre-recorded.

The French program included songs by actor Yves Montand and other entertainers. It was seen in American homes, as was a "live" British telecast bounced off the satellite a few hours later.

The European Broadcasting Union, in a communique issued in Geneva, said the French telecast violated the international agreement "that no TV material of entertainment or informative character be transmitted in advance of the joint Eurovision project."

Man Is Killed, Girl Kidnaped By Slayer

SPOKANE, Wash. (AP) — A Spokane public relations man was shot to death and his daughter was abducted Thursday night in front of the radio-television station where she worked.

Two hours later, two policemen arrested 20-year-old Max Earle Markham in a car on a bank of the Spokane River east of here near the Washington-Idaho border.

The girl, Nancy Fowle, 20, was with him. Police Chief Clifford Payne said she was very upset but was not hurt.

Killed was W. Gordon Fowle, about 50, public relations director for a savings and loan association here.

Chief Payne said Markham had a submachine gun, a hunting rifle, a .45 automatic pistol, a hunting knife and about 25 pounds of ammunition in his car. He did not resist arrest.

Chief Payne quoted Markham as saying, "I shot him. I suppose he's dead."

No motive for the shooting has been established.

The chief said he understood Nancy and young Markham had attended the same Spokane high school.

Fowle was shot about 11:30 p.m. as he arrived at the studio of KHQ Radio TV to pick up his daughter, night receptionist at the station. This was Fowle's nightly habit.

Churchill Temperature Is Back to Normal

LONDON (AP)—A medical bulletin said today Sir Winston Churchill's temperature has returned to normal and his coughing spells have eased.

The 87-year-old World War II prime minister had caused his doctors considerable worry when he came down with a bronchial infection and fever as he fought to recover from a thigh fracture.

The bronchial infection apparently was quenched with antibiotics soon after it appeared.

28 Pass, 29 Flunk Tests For Louisiana Negro Voters

MONROE, La. (AP) — Twenty-eight Negroes from a northeast Louisiana parish (county) have passed a voter qualification test conducted by a federal judge under the 1960 Civil Rights Act.

Twenty-nine others flunked the test Thursday and another 25 who had applied to take it did not show up.

No Negro has ever voted in East Carroll Parish, where the tests were given in the first proceeding of its kind under the 1960 act.

DiSalle Poised For Campaign

SE Ohio Area Due To Be Visited Monday

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle hits the campaign trail Monday in his drive for reelection.

Describing a projected two-day visit to nine southeastern Ohio counties as his first political tour of the season, the Democratic nominee said:

"Campaigning as an incumbent is different than being the challenger. After all, I have to attend to the day to day duties of the governor's office. That comes first."

"But we will try to work in as many appearances as possible in an effort to take to the people of Ohio in both small and large communities the issues which will have to be discussed in the campaign."

On Monday DiSalle will visit Fairfield, Perry, Hocking and Athens County. The next day will take him into Vinton, Jackson, Meigs, Galia and Lawrence counties.

Monday's schedule:

Lancaster—11:30 a. m. meeting with city and county officials in Hotel Lancaster; Luncheon meeting in Shaw's restaurant.

New Lexington—2:30 p. m. court house.

Logan—4:30 p. m. court house.

Athens—6:15 p. m. dinner meeting in John Baker Hall, Ohio University.

Tuesday's itinerary includes a luncheon in Pomeroy and a 6:30 p. m. dinner meeting in Inronton.

DiSalle also will appear on a "Meet the Press" television program over WHTN-TV, Huntington, W. Va., at 9:30 p. m. Tuesday. Newsmen from southeastern Ohio will appear with the governor.

Ban-the-Bomb Show Disturbs Red Police

MOSCOW (AP)—Russian security men seized ban-the-bomb banners today when two-dozen young Westerners unfurled them in Red Square.

The demonstrators, mostly British but with a sprinkling of Americans and Scandinavians, had been warned earlier they would be deported if they went through with their plans to denounce nuclear testing just beneath the Kremlin walls.

The Russian security men told the Westerners they were being "provocative."

until July 20 to file written objections to the procedures involved in testing the applicants. U. S. Dist. Court Judge Edwin F. Hunter Jr., who supervised the tests, will take final action on the registration applications following a court hearing July 25.

Hunter handled the applications under a Civil Rights Act provision calling for federal jurists to take such action where a pattern of discrimination has been found to exist.

After another federal judge ordered alleged discrimination halted in East Carroll, 87 Negroes applied to vote.

Hunter adopted the voter qualification test after a conference earlier in the week with Louisiana's Sovereignty Commission, a segregation watchdog unit which recently secured legislative approval of uniform voter registration procedures.

The 12-question, multiple-choice test covered such subjects as what the legislative branch of state government does, how senators are elected and who pays mail carriers.

Eight correct answers were required to pass and five of the Negroes made perfect scores. Those who passed were then required to read aloud in open court the preamble to the Louisiana Constitution.

2 Passengers Die, 41 Hurt In Bus Mishap

BELLEVILLE, Ind. (AP) — A Greyhound Scenicruiser snagged the corner of a truck loaded with lead on U.S. 40 west of Belleville early today, and two passengers were killed and 41 injured.

Dead are William David Neville, about 67, Edinburg, Ind., and a woman identified tentatively as Mrs. Rada Skiewicz of Philadelphia, Pa.

Injured critically were Mrs. Jennie Markiewicz of Philadelphia, sister of Mrs. Skiewicz; her son, John Markiewicz of Philadelphia, and Charles Jones, 42, Arlington, Tex.

The bus driver, Robert L. Schlagenhauf, 51, Indianapolis, and the truck driver, Joseph M. McCorkhill, 49, Anderson, Ind., were not injured.

State police said Schlagenhauf told them he pulled out to pass the truck on the dual lane highway and the bus struck the left rear corner of the truck trailer. The right side of the bus was ripped open, and the two vehicles careened 500 feet along the highway.

Twenty-one of the injured were taken to Methodist Hospital in Indianapolis, 20 miles east of Belleville, and 20 of the less seriously hurt were taken to Marion County General Hospital in Indianapolis.

Ag Aide Resigns Farm Bureau Post

WASHINGTON (AP)—Assistant Secretary of Agriculture John P. Duncan Jr. disclosed today that he has terminated an arrangement under which he had been a paid adviser to the Georgia Farm Bureau Insurance Company while in his present government post.

Duncan said he was making this fact known because, he said, reports were being circulated that this relationship constituted a conflict of interest between his government job and the insurance company, which he founded. He denied such was the case.

The firm says it does no business with the federal government. Duncan said that under the advisory arrangement he was paid \$2,000 a year by the Georgia firm. He draws \$20,000 as assistant secretary.

Aid for Reds OK'd By U.S. Congress

WASHINGTON (AP) — The House has voted to allow President Kennedy to aid Communist countries if he sees a chance to pry them from Kremlin domination.

After giving the President this major victory Thursday, the House went on to pass a bill authorizing him to spend \$4,668,500,000 for military aid and economic assistance this year. The roll call vote was 250 to 164.

Here is how Ohio's congressmen voted:

Democrats for: Ashley, Cook, Feighan, Hays, Kirwan, Vanik. Democrats against: Moeller.

Republicans for: Ayres, Bolton, Mosher. Republicans against: Ashbrook, Betts, Bow Brown, Clancy, Devine, Harsha, Latta, McCulloch, Minshall Moorehead, Schenck, Scherer.

Kennedy did not get everything he wanted from the House and got, in fact, some things he'd rather not have.

The authorization is \$210 million below his original request and it carries two amendments he considers noxious: A ban on loans or grants to the United Nations until other members pay their back assessments; a requirement that he stop aid to nations that seize American property unless appropriate steps are taken within six months to make fair payment.

The shape the foreign aid measure finally will take depends on how a Senate-House conference committee resolves the House version and one passed earlier by the Senate.

And the tough fight on money will come later in the session when appropriations bills actually to provide foreign aid money are debated and voted on by both chambers.

In its bill the Senate voted to authorize foreign aid spending of \$4,662,000,000 — \$6.5 million less than the House. The Senate also acted contrary to Kennedy's wishes by barring all assistance to Communist countries with the exception of surplus food.

Since then the administration has fought to have these handcuffs unlocked by the House. The bipartisan effort to give the Presi-

Christmas Isle Nuclear Tests Ended by U.S.

WASHINGTON (AP)—The United States has wound up its nuclear test series of 26 announced blasts in the Christmas Island area of the Pacific. But there may be more high-altitude shots at the Johnston Island test site. The Atomic Energy Commission announced Thursday it was lifting the ban on Americans entering the Christmas Island test area, effective at 5 a.m. EST today. The area has been off limits since April 4.

The AEC said the Johnston Island test area set up April 9 remains in effect. That is a circular area, extending around the Pacific island a radius of 470 miles at the surface. The radius increases to 700 nautical miles at 30,000 feet in the air.

The commission said if any more tests are conducted there, they will be announced in advance.

The first test at Christmas Island was exploded April 25. The shots there were air dropped, except for one underwater blast and a submarine-fired Polaris missile test.

Old Civil War Cannon Booms, Windows Break

MURFREESBORO, Tenn. (AP) — The firing of a genuine Civil War cannon was the official opening item on the program each day for the Rutherford County Civil War Centennial this week. But after three days the committee dropped the 6:30 a.m. blast. It wasn't the noise. Residents complained the concussion from the paper and powder charge in the old relic was breaking too many windows.

dent a free hand was by a standing vote of 277 to 4. This came after a similar vote of 201 to 44 had defeated an amendment by Rep. Thomas Feighan, D-Ohio, that would have permitted aid only if a country overthrew its Communist government.

Placid Medics Said Harassed

Canada To Probe Nonstrikers' Case

REGINA, Sask. (AP)—Premier Woodrow Lloyd says the Saskatchewan College of Surgeons and Physicians is using its policing powers to harass doctors who refused to join the strike against the provincial government's socialist medical scheme.

A one-man commission is being set up to investigate complaints, especially those against doctors recruited to fill gaps in medical service since a doctors' strike began July 1.

Premier Lloyd said Thursday evidence has accumulated that the college responsible for licensing doctors in the province, seeks to use its powers as "an offensive weapon against doctors who are not supporting the college's walkout."

The college said the charges are "completely without foundation."

Under the provincial medical professions act, the college said, it is empowered to investigate any charges against doctors and it is the duty of the college registrar to do so.

The college said it had a part in recent dismissals from two hospitals of doctors who had been recruited from Britain. It said they were recalled at the request of the local hospital boards.

Since the withdrawal of services in protest against the government's compulsory tax-prepaid medical care plan, about 200 doctors have been providing emergency service at 49 designated hospitals. About 500 doctors are on strike.

The college provides the emergency service, coordinated by the Canadian Medical Association.

More doctors from Britain, recruited by the medical care insurance plan, were expected today. A group that arrived Tuesday began registering Thursday for practice here.

Berlin Talks With Soviets At Standstill

WASHINGTON (AP) — Berlin settlement talks between the United States and Russia seem to be grinding to a standstill. East-West negotiations on disarmament similarly appear on the verge of stalemate.

Secretary of State Dean Rusk discussed both issues Thursday with Soviet Ambassador Anatoly Dobrynin. The hour and 45-minute talk failed to yield any progress on either problem.

Just before the meeting Rusk said that if the Soviet government continues to insist on discussing only the problem of how to reduce or to eliminate western positions in Berlin "then there is no basis for serious negotiations in that direction."

On disarmament he is reported to have asked the Soviet government through Dobrynin that it review its opposition to international inspection as a means of safeguarding an arms cut agreement and thus try to find "some way to take some steps to get on with disarmament."

Earlier his week Soviet Premier Khrushchev insisted in a speech in Moscow that U.S., British and French troops must be removed from West Berlin. The real reason the Western powers want international inspection is to obtain espionage information in the Soviet Union, he said.

Senator Points To Estes Case Report Failure

WASHINGTON (AP)—Sen. John L. McClellan, D-Ark., demanded today a drastic shakeup of farm aid procedures after hearing testimony that Oklahoma officials failed to reveal soon enough their knowledge of Billie Sol Estes' cotton deals.

He charged that the evidence showed a breakdown in functioning of the Agriculture Department's vast, nationwide farm aid program which relies heavily on state and county committees of farmers to run it under supervision from Washington.

The Senate Investigations subcommittee McClellan heads is checking into why the department delayed cracking down on Estes for a year after a congressman had offered it evidence of the Texan's activities.

Two Agriculture Department officials testified they agreed with McClellan that the Oklahoma State Agricultural Stabilization and Conservation Committee had fallen down on the job.

But one of them acknowledged that he had seen as early as May 31, 1961, three of Estes' cotton acreage allotment transfer deals with Oklahoma farmers which alerted him that something was wrong with the deals.

Howard Rooney, a member of the department's general counsel staff, said he saw the contracts at the office of Rep. Carl Albert, D-Okla., who was complaining about transfer of the allotments from Oklahoma to Texas. Rooney said he had read in full only one of the contracts, and never personally asked the farmer for an explanation.

Rooney acknowledged that he did not ask Albert's office for a copy of the contracts, but said he ordered an investigation.

It wasn't until nearly a year later that the Agriculture Department finally canceled Estes' 1961 acreage allotments, declaring the transfers illegal and imposing \$554,000 fine on Estes.

Wilson C. Tucker, deputy head of the department's cotton division, said (Continued on Page 2)

Actors Union Suspends Aide

NEW YORK (AP)—The American Guild of Variety Artists has suspended Jackie Bright without pay from his \$31,200-a-year job as executive secretary until he clears himself of "all allegations and accusations" stemming from the Senate B-girl investigation.

The suspension was announced in a statement issued Thursday after a meeting of the national board of the AFL-CIO union.

At Senate investigation subcommittee hearings in Washington last month, Bright was accused of accepting bribes and illegal payoffs from various sources in the entertainment field.

Training Institute Fund Is Released

COLUMBUS, Ohio (AP)—Action by the State Controlling Board has cleared the way for full use of the Training Institute of Central Ohio, a Columbus facility for unemployable boys of the Boys Industrial School at Lancaster.

The board voted 4-1 Thursday to release \$200,000 to equip unused portions of the 200-bed facility. The institute has been half in use since its completion last year.

Also approved was the expenditure of \$70,000 to clean, purify and open an outdoor swimming pool at the Juvenile Diagnostic Center here. The funds in both cases were available from \$4.5 million unspent by the Department of Mental Hygiene and Correction during the last fiscal year.

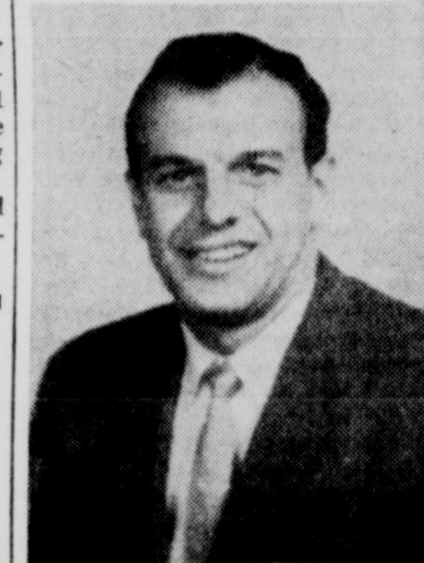

The board's action came in the midst of criticism of the department's failure to make full use of \$800,000 worth of new buildings here, assertedly from lack of funds.

Governor Michael V. DiSalle termed the \$270,000 for the two institutions "too little and too late." He added that the money will not provide the answer for juvenile delinquent treatment, complete staffing of the diagnostic center and overcrowding of industrial schools.

House Speaker Roger Cloud, R-Logan, took exception to claims that \$2 million appropriated last November was not available until this March.

Cloud said an attorney gen-

Jack Weikert Named Coach In TV District

JACK WEIKERT

Earl R. Gregg, executive head of the Teays Valley School District, today announced that Jack Weikert, last season's chief basketball mentor at CHS, has been employed as assistant coach of the newly consolidated school slated to open in September.

Weikert submitted his resignation to the Circleville Board of Education Tuesday and accepted the offer in the TV local district. His contract at Teays Valley also calls for a position as a social science teacher.

Gregg said today Weikert's coaching assignment has not been made yet due to the recent resignation of Ray Bethel, assistant football coach. Bethel, assistant position at Paint Valley, Ross County, as head football coach.

Weikert's decision to accept the job at the newly consolidated school came as the result of the Circleville Board of Education's refusal to continue his coaching contract. The local board did not list any reasons for their action when they relieved him of his coaching duties.

A NATIVE of Dayton, the new TV coach holds a BS degree in education from Ohio Northern University at Ada, O. He is a member of the Methodist Church here and is a member of the church's official board. He is also a Sunday-school teacher.

Weikert was active here last year in organizing a Saturday basketball program for elementary students. During the summer months he is employed as diving instructor at the Circleville Swimming Pool.

Coach Weikert, his wife, and three children reside at 587 E. Franklin St.

eral's opinion to the Finance Department held that the appropriation was available on enactment.

Dr. Robert A. Haines, director of the department, had said the funds were not available because of a freeze on department employment to stay within the state budget.

Ribicoff Quits Cabinet Post

Welfare Secretary Seeks Senate Seat

HARTFORD, Conn. (AP) — Abraham A. Ribicoff, the first member of President Kennedy's Cabinet to resign, headed for the Connecticut Democratic state nomination for U.S. Senator.

With the backing of Democratic National Chairman John Bailey and other party leaders, Ribicoff is expected to get the nomination without trouble.

"I like the challenge of elective office," Ribicoff said Thursday night in a television speech announcing his resignation as secretary of health, education and welfare.

Ribicoff said one of his principal motives in seeking a seat in the Senate was to be able to vote in support of the programs he championed while a Cabinet member.

President Kennedy was expected today to release Ribicoff's letter of resignation and his own reply.

The choice of a successor may be announced today, too. Kennedy has known for months Ribicoff planned to run for the Senate and may have made his choice some time ago.

Mentioned for the post are former Gov. Leroy Collins of Florida, president of the National Association of Broadcasters; Rep. Edith Green, D-Ore.; Veterans Administrator John S. Gleason Jr., and Robert Weaver, head of the Housing and Home Finance Agency.

Mutuel Clerks Set To Strike Scioto Downs

COLUMBUS, Ohio (AP)—About 130 mutuel clerks employed at Scioto Downs harness race track have voted to go on strike tonight for union recognition.

The action is threatening operation of the track tonight at the climax of the race meeting. On tonight's program is the opening event of the \$50,000 Challenge Stakes, a two-year-old trot with a purse of \$8,195. The Friday-Saturday race schedule carries the largest purse totals of the season.

G. A. Hughes, regional director of the Retail, Wholesale and Department Store Union (AFL-CIO) said the committee voted Thursday night to take strike action authorized by the membership Tuesday.

He said track officials have refused to recognize the union or to discuss a contract. He said the union represents all of the mutuel clerks, calculators, runners and money room employees at the track now nearing the end of a 44-night meeting.

Playhouse Offers Special Service

DAYTON, Ohio (AP)—A sudden downpour recently had playgoers at nearby Trotwood Circle Theater fidgeting in their seats, worried about their open car windows outside.

The noise of the rain drumming on the playhouse barn roof and the uneasiness of the crowd became such that the play was stopped.

Director Charles Vennus appeared on the stage. He was soaking wet but he announced, "All car windows have been closed." The play went on.

Aid for Reds OK'd By U.S. Congress

WASHINGTON (AP) — The House has voted to allow President Kennedy to aid Communist countries if he sees a chance to pry them from Kremlin domination.

After giving the President this major victory Thursday, the House went on to pass a bill authorizing him to spend \$4,668,500,000 for military aid and economic assistance this year. The roll call vote was 250 to 164.

Here is how Ohio's congressmen voted:

Democrats for: Ashley, Cook, Feighan, Hays, Kirwan, Vanik. Democrats against: Moeller.

Republicans for: Ayres, Bolton, Mosher. Republicans against: Ashbrook, Betts, Bow Brown, Clancy, Devine, Harsha, Latta, McCulloch, Minshall Moorehead, Schenck, Scherer.

Kennedy did not get everything he wanted from the House and got, in fact, some things he'd rather not have.

The authorization is \$210 million below his original request and it carries two amendments he considers noxious: A ban on loans or grants to the United Nations until other members pay their back assessments; a requirement that he stop aid to nations that seize American property unless appropriate steps are taken within six months to make fair payment.

The shape the foreign aid measure finally will take depends on how a Senate-House conference committee resolves the House version and one passed earlier by the Senate.

And the tough fight on money will come later in the session when appropriations bills actually to provide foreign aid money are debated and voted on by both chambers.

In its bill the Senate voted to authorize foreign aid spending of \$4,662,000,000 — \$6.5 million less than the House. The Senate also acted contrary to Kennedy's wishes by barring all assistance to Communist countries with the exception of surplus food.

Since then the administration has fought to have these handcuffs unlocked by the House. The bipartisan effort to give the Presi-

Christmas Isle Nuclear Tests Ended by U.S.

WASHINGTON (AP)—The United States has wound up its nuclear test series of 26 announced blasts in the Christmas Island area of the Pacific. But there may be more high-altitude shots at the Johnston Island test site.

The Atomic Energy Commission announced Thursday it was lifting the ban on Americans entering the Christmas Island test area, effective at 5 a.m. EST today. The area has been off limits since April 4.

The AEC said the Johnston Island test area set up April 9 remains in effect. That is a circular area, extending around the Pacific island a radius of 470 miles at the surface. The radius increases to 700 nautical miles at 30,000 feet in the air.

The commission said if any more tests are conducted there, they will be announced in advance.

The first test at Christmas Island was exploded April 25. The shots there were air dropped, except for one underwater blast and a submarine-fired Polaris missile test.

Old Civil War Cannon Booms, Windows Break

MURFREESBORO, Tenn. (AP) — The firing of a genuine Civil War cannon was the official opening item on the program each day for the Rutherford County Civil War Centennial this week. But after three days the committee dropped the 6:30 a.m. blast. It wasn't the noise. Residents complained the concussion from the paper and powder charge in the old relic was breaking too many windows.

dent a free hand was by a standing vote of 277 to 4. This came after a similar vote of 201 to 44 had defeated an amendment by Rep. Thomas Feighan, D-Ohio, that would have permitted aid only if a country overthrew its Communist government.

Placid Medics Said Harassed

Canada To Probe Nonstrikers' Case

REGINA, Sask. (AP)—Premier Woodrow Lloyd says the Saskatchewan College of Surgeons and Physicians is using its policing powers to harass doctors who refused to join the strike against the provincial government's socialist medical scheme.

A one-man commission is being set up to investigate complaints, especially those against doctors recruited to fill gaps in medical service since a doctors' strike began July 1.

Premier Lloyd said Thursday evidence has accumulated that the college responsible for licensing doctors in the province, seeks to use its powers as "an offensive weapon against doctors who are not supporting the college's walkout."

The college said the charges are "completely without foundation."

Under the provincial medical professions act, the college said, it is empowered to investigate any charges against doctors and it is the duty of the college registrar to do so.

The college said it had a part in recent dismissals from two hospitals of doctors who had been recruited from Britain. It said they were recalled at the request of the local hospital boards.

Since the withdrawal of services in protest against the government's compulsory tax-prepaid medical care plan, about 200 doctors have been providing emergency service at 40 designated hospitals. About 500 doctors are on strike.

The college provides the emergency service, coordinated by the Canadian Medical Association.

More doctors from Britain, recruited by the medical care insurance plan, were expected today. A group that arrived Tuesday began registering Thursday for practice here.

Berlin Talks With Soviets At Standstill

WASHINGTON (AP) — Berlin settlement talks between the United States and Russia seem to be grinding to a standstill. East-West negotiations on disarmament similarly appear on the verge of stalemate.

Secretary of State Dean Rusk discussed both issues Thursday with Soviet Ambassador Anatoly Dobrynin. The hour and 45-minute talk failed to yield any progress on either problem.

Just before the meeting Rusk said that if the Soviet government continues to insist on discussing only the problem of how to reduce or to eliminate western positions in Berlin "then there is no basis for serious negotiations in that direction."

On disarmament he is reported to have asked the Soviet government through Dobrynin that it review its opposition to international inspection as a means of safeguarding an arms cut agreement and thus try to find "some way to take some steps to get on with disarmament."

Earlier his week Soviet Premier Khrushchev insisted in a speech in Moscow that U.S., British and French troops must be removed from West Berlin. The real reason the Western powers want international inspection is to obtain espionage information in the Soviet Union, he said.

Senator Points To Estes Case Report Failure

WASHINGTON (AP)—Sen. John L. McClellan, D-Ark., demanded today a drastic shakeup of farm aid procedures after hearing testimony that Oklahoma officials failed to reveal soon enough their knowledge of Billie Sol Estes' cotton deals.

He charged that the evidence showed a breakdown in functioning of the Agriculture Department's vast, nationwide farm aid program which relies heavily on state and county committees of farmers to run it under supervision from Washington.

The Senate Investigations subcommittee McClellan heads is checking into why the department delayed cracking down on Estes for a year after a congressman had offered it evidence of the Texan's activities.

Two Agriculture Department officials testified they agreed with McClellan that the Oklahoma State Agricultural Stabilization and Conservation Committee had fallen down on the job.

But one of them acknowledged that he had seen as early as May 31, 1961, three of Estes' cotton acreage allotment transfer deals with Oklahoma farmers which alerted him that something was wrong with the deals.

Howard Rooney, a member of the department's general counsel staff, said he saw the contracts at the office of Rep. Carl Albert, D-Okl., who was complaining about transfer of the allotments from Oklahoma to Texas. Rooney said he had read in full only one of the contracts, and never personally asked the farmer for an explanation.

Rooney acknowledged that he did not ask Albert's office for a copy of the contracts, but said he ordered an investigation.

It wasn't until nearly a year later that the Agriculture Department finally canceled Estes' 1961 acreage allotments, declaring the transfers illegal and imposing \$554,001 fines on Estes.

Wilson C. Tucker, deputy head of the department's cotton division, said he had seen the contracts (Continued on Page 2)

Actors Union Suspends Aide

NEW YORK (AP)—The American Guild of Variety Artists has suspended Jackie Bright without pay from his \$31,200-a-year job as executive secretary until he clears himself of "all allegations and accusations" stemming from the Senate B-girl investigation.

The suspension was announced in a statement issued Thursday after a meeting of the national board of the AFL-CIO union.

At Senate Investigation subcommittee hearings in Washington last month, Bright was accused of accepting bribes and illegal payoffs from various sources in the entertainment field.

Training Institute Fund Is Released

COLUMBUS, Ohio (AP)—Action by the State Controlling Board has cleared the way for full use of the Training Institute of Central Ohio, a Columbus facility for unemployed men.

The board voted 4-1 Thursday to release \$200,000 to equip unused portions of the 200-bed facility. The institute has been half in use since its completion last year.

Also approved was the expenditure of \$70,000 to clean, purify and open an outdoor swimming pool at the Juvenile Diagnostic Center here. The funds in both cases were available from \$4.5 million unsent by the Department of Mental Hygiene and Correction during the last fiscal year.

The board's action came in the midst of criticism of the department's failure to make full use of \$800,000 worth of new buildings here, asserted from lack of funds.

Governor Michael V. DiSalle termed the \$270,000 for the two institutions "too little and too late." He added that the money will not provide the answer for juvenile delinquent treatment, complete staffing of the diagnostic center and overcrowding of industrial schools.

House Speaker Roger Cloud, R-Logan, took exception to claims that \$2 million appropriated last November was not available until this March.

Cloud said an attorney gen-

eral's opinion to the Finance Department held that the appropriation was available on enactment.

Dr. Robert A. Haines, director of the department, had said the funds were not available because of a freeze on department employment to stay within the state budget.

With the backing of Democratic National Chairman John Bailey and other party leaders, Ribicoff is expected to get the nomination without trouble.

"I like the challenge of elective office," Ribicoff said Thursday night in a television speech announcing his resignation as secretary of health, education and welfare.

Ribicoff said one of his principal motives in seeking a seat in the Senate was to be able to vote in support of the programs he championed while a Cabinet member.

President Kennedy was expected today to release Ribicoff's letter of resignation and his own reply.

The choice of a successor may be announced today, too. Kennedy has known for months Ribicoff planned to run for the Senate and may have made his choice some time ago.

Mentioned for the post are former Gov. Leroy Collins of Florida, president of the National Association of Broadcasters; Rep. Edith Green, D-Ore.; Veterans Administrator John S. Gleason Jr., and Robert Weaver, head of the Housing and Home Finance Agency.

COLUMBUS, Ohio (AP)—About 130 mutual clerks employed at Scioto Downs harness race track have voted to go on strike tonight for union recognition.

The action is threatening operation of the track tonight at the climax of the race meeting. On tonight's program is the opening event of the \$50,000 Challenge Stakes, a two-year-old trot with a purse of \$8,195. The Friday-Saturday race schedule carries the largest purse totals of the season.

G. A. Hughes, regional director of the Retail, Wholesale and Department Store Union (AFL-CIO) said the committee voted Thursday night to take strike action authorized by the membership.

He said track officials have refused to recognize the union or to discuss a contract. He said the union represents all of the mutual clerks, calculators, runners and money room employees at the track now nearing the end of a 44-night meeting.

Playhouse Offers Special Service

DAYTON, Ohio (AP)—A sudden downpour recently had playgoers at nearby Trotwood Circle Theater fidgeting in their seats, worried about their open car windows outside.

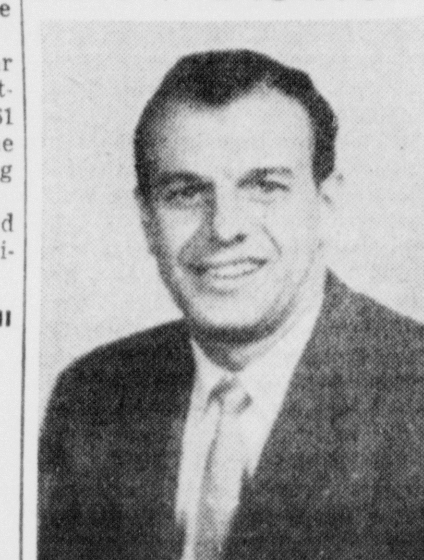

The noise of the rain drumming on the playhouse barn roof and the uneasiness of the crowd became such that the play was stopped.

Director Charles Vicens appeared on the stage. He was soaking wet but he announced, "All car windows have been closed."

The play went on.

Jack Weikert Named Coach In TV District

JACK WEIKERT

Earl R. Gregg, executive head of the Teays Valley School District, today announced that Jack Weikert, last season's chief basketball mentor at CHS, has been employed as assistant coach of the newly consolidated school slated to open in September.

Weikert submitted his resignation to the Circleville Board of Education Tuesday and accepted the offer in the TV local district. His contract at Teays Valley also calls for a position as a social science teacher.

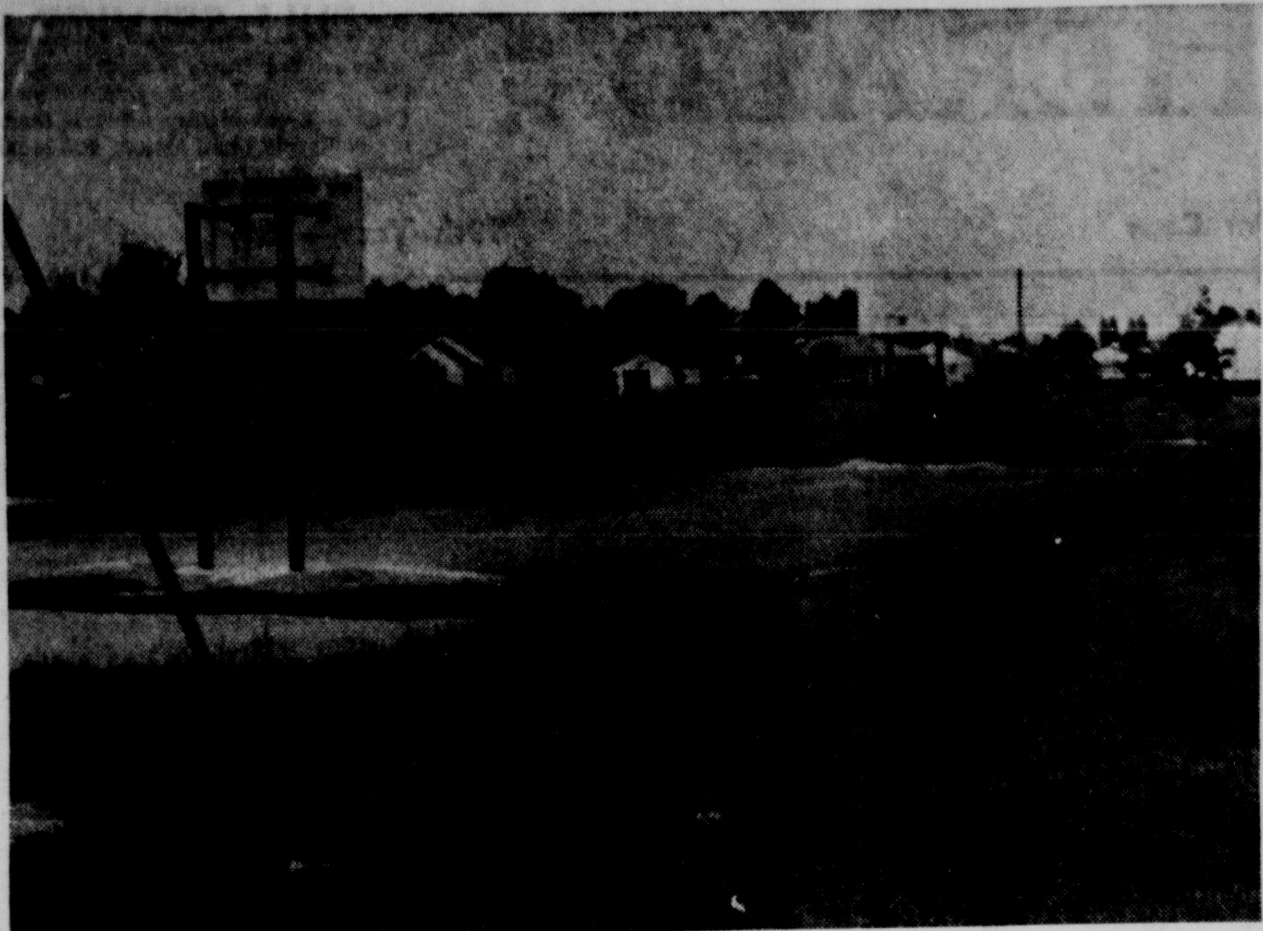

Gregg said today Weikert's coaching assignment has not been made yet due to the recent resignation of Ray Bethel, assistant football coach. Bethel accepted a position at Paint Valley, Ross County, as head football coach.

Weikert's decision to accept the job at the newly consolidated school came as the result of the Circleville Board of Education's refusal to continue his coaching contract. The local board did not list any reasons for their action when they relieved him of his coaching duties.

A NATIVE of Dayton, the new TV coach holds a BS degree in education from Ohio Northern University at Ada, O. He is a member of the Methodist Church here and is a member of the church's official board. He is also a Sunday-school teacher.

Weikert was active here last year in organizing a Saturday basketball program for elementary students. During the summer months he is employed as diving instructor at the Circleville Swimming Pool.

Coach Weikert, his wife, and three children reside at 587 E. Franklin St.

BASKETBALL COURTS — This basketball court at the Atwater School was constructed through the cooperation of the Ted Lewis Park Board and the Circleville Board of Education by members of the local Kiwanis and Jaycee units. Kennedy Visit To Brazil Is Rescheduled

WASHINGTON (AP)—President Kennedy has postponed until mid-November his planned visit to Brazil.

The official reasons: The approaching windup of the congressional session, plus the fact that election campaigns are coming up in both the United States and Brazil.

But experts on Latin America read into Thursday's announcement concern that a presidential visit during the current Brazilian political crisis could be labeled Yankee intervention.

The White House announcement did not mention Brazil's internal troubles. President Joao Goulart, who recently visited the United States, has been disputing with conservative factions over the type of administration Brazil should have.

Two prime ministers have resigned during the past two weeks. Brazil's congress has rejected a third, and Goulart's latest choice for the post has not been able to form a cabinet.

Observers of the Latin American scene said Kennedy could not go to Brazil during the political crisis without creating the impression that he was backing one side or the other.

Roony and Tucker teamed up today in criticizing the Oklahoma State ASC committee.

Tucker's testimony capped a hearing in which the subcommittee chairman, Sen. John L. McClellan, D-Ark., ejected the suicide verdict in the death of Henry H. Marshall, Texas production and marketing official for the Agriculture Department.

While certifying Marshalls death as suicide, Texas officials have not ruled out the possibility he was murdered.

The subcommittee produced identical to the one which fired five bullets into Marshall's body on June 3, 1961. After watching a staff aide's demonstration of how the bolt action .22 calibre weapon worked, McClellan declared:

"I don't think it takes many deductions to reach the irrevocable conclusion that no man committed suicide with a weapon like this . . . having to reload it four times more."

Highway Agency Plans Use of Safety Belts

COLUMBUS, Ohio (AP) — The Ohio Department of Highways announced today it will install seat belts in its vehicles.

The move came after a review of several studies by department officials indicated that seat belts would substantially reduce the personal injury rate occurring among employees operating automobiles and trucks.

The initial contract calls for the purchase of 5,000 belts at \$3.63 each with the option to purchase an additional 5,000 under the same terms.

Stock Market Shows Decline

NEW YORK (AP) — The stock market declined in slow trading early this afternoon, with gold mining stocks bucking the downward trend.

Canceling Thursday's rise, the Associated Press average of 60 stocks at noon was off 1.00 at 219.50, with industrials down 1.80, rails down .50, and utilities down .25.

Losses of most key stocks were fractional, some going to a point of \$5.

The decline in the U.S. gold supply to another 23-year low gave the gold mining issues another excuse for a rally.

The market as a whole underwent continued profit taking, which began after Thursday's vigorous early rise.

The decline affected most major segments of the list. The issues which have been strongest this week were the worst losers.

State Opposes Lie Tests for Dr. Sheppard

COLUMBUS, Ohio (AP) — The state asked the Ohio Supreme Court today to deny Samuel H. Sheppard, Cleveland wife slayer, a so-called lie-detector test in an effort to establish innocence.

Assistant Atty. Gen. Aubrey A. Wendt made the request in a demurrer to Sheppard's plea for a court order directing Maury Koblenz, commissioner of corrections to allow a polygraphic deception test.

Wendt said Sheppard forfeited any right to a test by refusing to submit to such an examination at the time of his trial, and added:

"Relators' (Sheppard's) mind can presently hold no secrets which it did not hold at the time of the trial."

A similar action to permit a hypnotic test on Sheppard is pending in the high court. The former osteopath is serving a life term for the July 4, 1954 slaying of his wife Marilyn in their Bay Village home west of Cleveland. Appeals from his second-degree murder conviction all the way to the U. S. Supreme Court have failed. Sheppard has always contended that a bushy-haired intruder killed his wife.

Parachute Jumps Set

The Circleville Parachute Club has scheduled a series of jumps beginning 1:30 p. m. Sunday at the Richard Stuckey Farm on the Kingston Pike.

Stint in Hollywood Helps Actor To 'Enjoy' Performing

HOLLYWOOD, (AP)—It took a movie to accomplish what a year of psychiatry and several thousand pep talks couldn't do—make Paul Lynde enjoy performing.

Lynde is that vastly funny young man with the foot-long smile and selling manner who has brightened Perry Como's television show during the past season. He is here now to re-create his Broadway role as the harried father of a swooning teen-ager in "Bye Bye Birdie."

"This is the greatest thing that

has happened to me," he remarked as he lounged outside the movie stage. "For the first time in my career, I am enjoying my work."

That sounds odd coming from a guy who has convulsed audiences in night clubs, Broadway shows and television specials. But he documents:

"I have never gotten over being terrified in front of an audience. Oh, I know most performers get the jitters before they go on. My reaction is more like nervous collapse."

"I realized that this wasn't quite right; I should have been enjoying myself a bit more. So I went on the couch for a year to see if that would help. It did help a little. I was able to convince myself that they weren't entirely unfriendly out there. But I'm still scared to death."

"Until now. Doing this picture is the first time I have performed with any degree of calm. I guess it's because there is no audience, because you can do it over again if it wasn't right the first time."

It makes you wonder: How does a guy get in the funny business if he feels that way.

"Simple," he explained. "I all started back at Northwestern University. I got into a freshman drama class, and each of us had to do a reading from 'Cyrano de Bergerac.'"

"I did my scene and I thought it was pretty good. But my first assignment was to play the oafish football player in 'The Male Animal.' I asked the teacher how come, and she said, 'Didn't you know? Your reading of 'Cyrano' was so hilarious this was the obvious role for you.' I haven't had a chance to do anything serious since."

Paul would be delighted to stick around and do more films—"No reason why Jack Lemmon and Tony Randall should have all of those roles."

But he has one trouble with producers: Making them believe his age. A mere 36, he is presently playing the father of Ann-Margret, who is really 21.

3 Pacifists Are Handed Prison Terms

SAN FRANCISCO (AP)—A federal judge has sentenced three California pacifists to six-month jail terms for attempting to sail a vessel into U.S. nuclear test zone waters in the Pacific.

U.S. Dist. Judge William T. Sweigert also imposed six-month sentences Wednesday against two officials of the Committee for

Non-Violent Action, a pacifists' organization that sponsored the abortive voyage. They are Roger Moss, 23, the group's West Coast office manager, and Samuel R. Byson, 43, co-chairman of the organization.

The trio sailed the three-hulled craft Everyman I only about 25 miles on July 4 before they returned to port seasick. The boat

had been under a June 8 court injunction forbidding its sailing toward the danger zone surrounding the Christmas and Johnston Island test areas.

The crewmen are Walter Chaffee, 39, an art instructor from San Luis Obispo, and Barton Stone, 24, a carpenter; and Bob Robbins, 36, a picture framer, both of San Francisco.

No India-China Clash Reported

NEW DELHI, India (AP)—Prime Minister Nehru says that no clashes have been reported between Indian and Chinese Communist troops squared off against each other in the disputed Galwan Valley of Ladakh. He predicted the Chinese eventually would withdraw.

"It is rather difficult to know exactly what is happening near our post perched high on the

cliffs, but as far as I know nothing has happened so far—no conflict has occurred," Nehru told newsmen on his return from an eight-day vacation in Kashmir.

India and Red China exchanged notes this week accusing each other of aggression in the disputed Himalayan border area.

Cincinnati Bypass Accord Reached

COVINGTON, Ky. (AP)—Ohio and Kentucky have agreed to go ahead with efforts to construct an eastern bypass of the Cincinnati metropolitan area, Highway Commissioner Henry Ward said today.

Ward said at an Optimist Club meeting that he and E. S. Preston, director of highways for Ohio, agree that the eastern portion of the proposed interstate highway along the perimeter of Cincinnati should be moved forward.

Under the plan, Ward said, the loop would be built from Interstate 75 in Kenton County through Campbell County to the Ohio River between Campbell County and California, Ky. and then to the east of Cincinnati.

Words at Random Flung

It's getting so a prince consort can hardly open his mouth for fear of offending someone.

Prince Philip the other day described something he didn't believe in as "tripe." The echo had hardly died away before he heard from the National Association of Tripe Dressers, who expressed regret that he had shown a lack of respect for so important a part of the national larder.

Heartened by this fortitude, one Oswald Clissingstoke, general secretary for the Federation of Collar Fastener Manufacturers, entered his protest against the way

certain horse breeders use the word "stud."

Tailor and Cutter, a trade magazine, expressed resentment at the use of the expression, "bad hat." There is no such thing, said the magazine, and entered a plea for "a cleansing fire of phraseographical rectitude."

The language being what it is, that leaves little choice except for the patently highbrow the frankly Anglo-Saxon. Either might inspire criticism. Perhaps Philip will have to content himself with merely making notes as the tripe dressers talk.

Jumping to Some Conclusions

By Hal Boyle

NEW YORK (AP)—Jumping to conclusions—(And how many do you agree with?)

Monogamy has been such a success in the modern world not so much because it is so moral—but because it is so practical. The Koran allows a man up to four wives at a time, but only an idiot would want to cope with four wives in a three-room apartment.

If you had to be a musical instrument instead of a human being, which would you prefer being? I've given this problem a lot of thought and, although I'm built more like a tuba or a bass drum, I'd choose to be a cello. To me it has more of a haunting quality than a violin.

Cows generally walk the same way home from pasture, but a man who always travels the same route home from work is in a real rut.

Many people today think it is a

status symbol to brag about their stock market losses. If as much real cash had been dropped in Wall Street recently as you hear about at cocktail parties, tails country would be in hock for three generations.

The best testament to the way God planned existence is the fact people would not want in their hearts to be either younger or older. They'd rather live in the present—and let life unroll as it will.

I think it's every bit as sensible for a 25-year-old horse to wear a bikini as it is for a 40-year-old woman to wear a pony tail.

The nose has as long a memory as the eye or hand, and sometimes a more emotional kind of nostalgia for the events of our youth. The face of the girl for whom I bought a gardenia to wear at a college dance is getting vaguer; to me 30 years later—but I can still smell the scent of that flower she

wore at her bosom. After all I should: it cost me a whole dollar—a fifth of my month's spending money.

Divorce is a kind of living death, a paper tombstone. No intelligent man or woman—no matter how much each blames the other—can see their marriage wrecked on the rocks of disagreement without a sense of personal humiliation at failing in the greatest test of mutual human adventure.

Women keep their kinship with nature longer than men do. An old man usually takes off his shoes only to rest his feet, but an old woman never loses the cooling sense of thrill she gets from stepping barefoot into a running brook.

It's best to take the rainbows as they come: even with the same palette. It is doubtful you could paint a better one.

The Business World

By Sam Dawson

NEW YORK (AP)—The steel industry—somewhat battered of late in its dealing with union and government men—is turning increasingly today to an inanimate object.

Both here and abroad steelmakers are calling on the electronic computer to aid in their race with

each other and to beat rising costs. They hope it will help in meeting growing competition from other materials as well as easing the squeeze from still higher labor costs when the government frowns on price hikes.

And this time the government is on their side. The new depreciation rules are expected to spur steel mechanization. The government says the new tax rules amount to a 25 per cent increase in annual depreciation deductions by the steel industry—funds presumably available for the modernization of plants.

A digital computer is about to be harnessed to the primary steel making process itself in Farrell, Pa.

Electronic devices already are linked to a wide range of finishing processes in rolling, reversing, hot and cold rolled strip mills, tin plate mills, sintering plants. Computers also act as operating guides by logging up to the minute data in steel processing.

Masterminding two 150-ton Stora-Kolida furnaces installed by Dravo Corp. at the Sharon Steel's Roemer Works in Farrell will be a Minneapolis-Honeywell Regulator Co.'s computer system.

The Swedish developed furnaces are inclined and rotated and steel can be poured from an oxygen converter in one hour, compared with the seven to eight hours in older open hearth methods. A computer will be used to handle the rapid calculations in the speeded up chemical reactions in oxygen steelmaking.

Among computer equipped processing plants owned by the U.S. steel industry are the following: Jones & Laughlin uses a General Electric 312 computer to control a continuous annealing line, and an RCA 110 on a tin plate line.

GE computers are installed on a tin plate line at Kaiser Steel, in Fontana, Calif., at a hot strip mill at McLouth Steel, Detroit, and at a sintering plant of Youngstown Sheet and Tube at Hammond, Ind.

Westinghouse computers are linked to reversing mills of Crucible Steel at Midland, Pa., Republic Steel, Gadsden, Ala., and a rolling mill of U.S. Steel at Chicago.

Inland Steel is working with International Business Machines on a mathematical model that would control a blast or open hearth furnace. And U. S. Steel is building a model blast furnace with complete instrumentation. Union Carbide has devised a mathematical model of a blast furnace to study the effects of oxygen and fuel injection.

The race to update the steel industry. Washington hopes the new depreciation tax rules will induce the companies to put more funds into it.

Inside You and Yours

By BURTON H. FERN, M.D.

Chronic cervicitis — a lingering infection in the neck of the womb — can keep you from having the babies you want.

Stretched wide and thin to let baby through, the womb-neck is easily torn. Any scrape, scratch or tear invites infection. Germs constantly seep in.

Infection causes swelling and inflammation of the womb-neck. Often an infected, inflamed bladder keeps you rushing to the bathroom, only to find a false alarm.

When germs spread through the womb and out both tubes, your back aches and the pelvis feels full and heavy.

Lingering infection leads to scars which narrow or block the womb opening.

Menstrual flow can't drain out through a clogged opening. And male cells can't enter to fertilize female egg cells.

A narrowed opening magnifies menstrual cramps. Even a gentle pelvic examination hurts the tender inflammation.

Microscopic tests can pinpoint the germ and pick out the best miracle drug to kill it.

For infected womb lining, your doctor may prescribe female hormones during the second half of the menstrual month. This increases the flow and helps drain infection. He can also trim away scars narrowing the womb-neck and other abnormal tissue that must go.

A warm shallow tub bath helps, but high pressure internal rinsing may backfire and force germs higher into the womb.

Eventually regularity returns and you should be able to have all the babies you want!

Dear Abby:
She 'Nose' by the Trash

DEAR ABBY: There is a lady in our neighborhood whom we have nicknamed "The Inspector" because she makes a habit of inspecting everybody's trash. She actually goes around to the back yards and pokes into trash cans to see what she can learn about the neighbors. She is not hard up and never takes anything—she is just nosy. She once told me she knew who the beer drinker, gin drinkers and wine drinkers were. And also what kind of medicine people use and all sorts of other information that is none of her business. What should we do about her?

IN THE NEIGHBORHOOD
DEAR IN: You could tell her to keep her nose out of your trash. Or else put a lock on your garbage can and give the key to your friendly neighborhood garbage collector.

DEAR ABBY: Please settle this: My wife says that when a man reaches 35 he should no longer send his mother a gift on her birthday or on any other occasion. I say a man is never too old to remember his mother. Who is right?

MAMMA'S BOY
DEAR BOY: You're right! If a man is lucky enough at 35 to have his mother when her hair has turned to silver, his heart should turn to gold—not stone!

DEAR ABBY: About a year ago I started to dream in color. I know that I dream in color because, after I wake up, I can remember the colors I have seen in my dreams. I have told this to some people and they laugh at me. They say I am only imagining my dreams are in color and that everyone dreams in black and white. I wonder if any of your readers THINK they dream in color? Also, what does it mean if I really do?

RAY
DEAR RAY: Yes, it IS possible to dream in color. But according

Many Changes in Stainless
Steel Flatware Patterns

By ELEANOR ROSS
Nothing in household equipment is static these days.

We may think that an item is just wonderful, couldn't be improved on, but our manufacturers aren't satisfied and strive for constant improvements in their products.

This is especially true of stainless steel flatware which, today, is prettier than ever. One look at the stainless steel flatware counter will disclose more patterns and more variety than ever before.

In the past, stainless steel flatware was synonymous with sleek Scandinavian design. Patterns were plain almost to the extent of severity.

These patterns are still very popular, but there are also new patterns with intricate designs, fine detail and pretty decoration.

Whatever one's preference, there's a stainless steel flatware pattern to suit the taste.

This change is not only an industrial one. Stainless steel is harder than any other metal used for flatware and this quality makes it easy to maintain but more difficult to manufacture.

Recently developed die techniques for working the stainless steel is what has made new designs and patterns possible. New finishing techniques give more beautiful and more varied finishes and these handsome new finishes

fit perfectly with more patterned, elaborate designs.

Dovetailing with these technical advances is a growing consumer demand for ornate stainless steel flatware patterns. People who revel in the no-nonsense, no-polishing of stainless steel want it in fancy patterns, too.

The new flatware designs have all the elegance and charm of cherished family heirloom place settings and are embellished with rich, heavily chased, intricate patterns.

Some of the new traditional patterns are admired even have shadowing to accentuate the design. A rich permanent finish gives traditional designs depth and meaning. The "darkened" areas are planned and applied as part of the flatware pattern design and will not wear off.

Then we must report something else that is very new. Trend-setters may want to buy stainless steel flatware with color. Now they can. Modern and floral motifs are incised into the flatware and these are filled with enamel.

Although only black and white are available at present, the time may soon come when this flatware may be color-coordinated with china and linens.

One of the most attractive of the new patterns is flatware done on modern lines with a beautiful in-laid white lily decoration.

Cold Salads Help You
To Beat Summer Heat

By ALICE DENHOFF
Too hot to turn on the oven? Too little time to prepare a hot dinner? Then this is the time to introduce the family to a cold casserole salad for the main course. And it's good to have on hand a file of prepared - in - advance main course dishes also.

COLD CASSEROLE SALAD
6 skinless frankfurters, cooked and chilled
3 c. cooked, chilled macaroni
1/4 c. chopped onion
1/2 c. green pepper strips
1/4 lb. Cheddar Cheese, cubed

2/3 c. salad dressing
2 tbsp. prepared mustard
1 1/2 tsp. salt
1/4 tsp. pepper
Lettuce cups.
Cut franks in coin-sized pieces. Mix together all ingredients except lettuce cups. Store in covered bowl in refrigerator to "season" for 2 to 3 hrs.

Serve on lettuce cups.
Serves 6.

Now for another summer special, a salad that is easy to prepare and a good choice for a simple summer supper. Serve with it crunchy slices of French bread which have been broiled with butter, garlic and grated cheese.

SUPER HOT DOG SALAD
1/2 head iceberg lettuce
1/2 bunch endive
1 medium onion, cut into rings
1/2 c. green pepper strips
1/2 c. diced celery
6 skinless frankfurters, cooked and chilled
1/4 lb. blue cheese
1 (No. 303) can asparagus, drained, or 18 stalks fresh asparagus, cooked and drained
All ingredients should be chilled before starting salad.

Eleven Members
Attend Guild Meet

Berger Hospital Guild No. 28 met Tuesday in the home of Mr. Howard Smith, 999 Lynwood Ave. Eleven members were present.

Mrs. Hal Dickinson, chairman, conducted the business meeting and a discussion was held concerning a snack bar in the new wing of the hospital.

There will not be a meeting next month. The September meeting will be held in the home of Mrs. Hal Dickinson, 209 N. Scioto St.

Refreshments were served by the hostess during the social hour.

Darbyville MYF
Conducts Meeting

The Youth Fellowship of the Darbyville Methodist Church held their meeting Sunday evening in the Town Hall.

Melanie Dudleson, president, conducted the meeting. Jim Saunders led Devotionals and Sharon Slagle, secretary gave her report. A song fest was enjoyed by the group.

Refreshments were served by Mrs. Audry Bowman and daughter, Carol.

Ronnie Clifton and James Saunders will be hosts for the next meeting.

Shred lettuce into large bowl, tear endive into bite-sized pieces; mix with lettuce.

Add onion rings, green pepper strips and celery; mix with greens.

Cut franks into coin-sized pieces and sprinkle over salad in 6 large salad bowls; add crumbled cheese and top with asparagus spears.

Serve with favorite dressing.

We like a garlic-flavored plain vinegar and oil dressing.

For an excellent salad dressing that is tangy yet does not obliterate flavors, try this one.

HERB SALAD DRESSING
1 pkg. herb salad dressing mix
1-3 c. canned tomato juice
2-3 c. salad oil
1/4 c. wine vinegar
Stir mix into tomato juice. Add other ingredients; mix well and chill.

Shake well before serving.

Dear Abby:
She 'Nose' by the Trash

DEAR ABBY: There is a lady in our neighborhood whom we have nicknamed "The Inspector" because she makes a habit of inspecting everybody's trash. She actually goes around to the back yards and pokes into trash cans to see what she can learn about the neighbors. She is not hard up and never takes anything—she is just nosy. She once told me she knew who the beer drinker, gin drinkers and wine drinkers were. And also what kind of medicine people use and all sorts of other information that is none of her business. What should we do about her?

DEAR ABBY: Is it considered good manners to say, "I've heard a lot of things about you" when you are introduced to a person?

DEAR WONDERING: That all depends upon what you've heard.

How is the world treating you? For a personal, unpublished reply, send a self-addressed stamped envelope to ABBY, care of this paper.

Monthly Meeting Held

The monthly meeting of "God's Willing Hands" class of the Church of the Brethren was held recently in the home of Miss Phyllis Cupp, teacher.

Jim Anderson opened the meeting with prayer and led Devotionals. Christine Kegg conducted a short business meeting.

Refreshments were served to the following members: Robert Anderson, Barbara Dean, Jim Anderson, Sue Carter, Linda Dean, Lois Anderson, Christine Kegg, Merry Kay Glitt, Sharon Strawser, Sharon Boyer.

The next meeting will be held in the home of Lois, Robert and Jim Anderson.

Miss Helen Timmons
Honored with Party

Miss Helen Rose Timmons, daughter of Mr. and Mrs. Harry B. Timmons, 467 Starkey Drive, was honored with a party on her 17th birthday given by her parents.

The guest list included Mr. and Mrs. Roy Talley, Irene Kuhn, Jay-Jackson, Danny Rutter, Duke Certain, Dudley Timmons, Jack Timmons, Jerry Timmons and Sharidan Timmons.

BG Education Dean To Resign Position

BOWLING GREEN, Ohio (AP)—Dr. John Gee, dean of Bowling Green State University's College of Education, is resigning Sept. 1 to assist in the training of secondary school teachers in South Viet Nam.

Dr. Gee, 59, joined the BGSU faculty in 1948 and has headed the education department for seven years. Prior to that he was school superintendent in Shadyside and Bergholz.

Dr. William E. Harrington, assistant dean of education and former head of the education department at Baldwin-Wallace College, was named acting dean to succeed Gee.

Orange Crate Scooter Offered for Stamps

DAYTON, Ohio (AP)—Remember the sidewalk scooters kids would make with an orange crate, a two-by-four, two old roller skates and some rusty nails?

Well, they've gone and done it. They're available now, shiny and new, at a downtown Dayton stamp redemption store. Price: One book.

There's only one catch. They come knocked down in a carton. You have to put it together yourself.

Papa Gabor Dies at 81

BUDAPEST, Hungary (AP)—Vilmos Gabor, 81, father of the Gabor sisters, died in his sleep and was buried here Tuesday.

Give Us This Day

Harvest time makes a man think.

The bread God gives us has to be cut, threshed, shipped, baked, wrapped and delivered before it ever reaches our mouths. And long before, it had to be sowed in a ploughed field, cultivated, irrigated, and fretted over a thousand times.

Lots of work in it for man. No gift wrapping with a ribbon around it.

But don't think we could get along without God! Leave out His part and there would be no harvest — no point in all our work.

So wheat inspires worship! And every Sunday in Church reminds us that we never labor alone . . . that our labors gain fruitfulness from God.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support

the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

BG Education Dean To Resign Position

BOWLING GREEN, Ohio (AP) —Dr. John Gee, dean of Bowling Green State University's College of Education, is resigning Sept. 1 to assist in the training of secondary school teachers in South Viet Nam.

Dr. Gee, 59, joined the BGSU faculty in 1948 and has headed the education department for seven years. Prior to that he was school superintendent in Shadyside and Bergholz.

Dr. William E. Harrington, assistant dean of education and former head of the education department at Baldwin-Wallace College, was named acting dean to succeed Gee.

Orange Crate Scooter Offered for Stamps

DAYTON, Ohio (AP)—Remember the sidewalk scooters kids would make with an orange crate, a two-by-four, two old roller skates and some rusty nails?

Well, they've gone and done it. They're available now, shiny and new, at a downtown Dayton stamp redemption store. Price: One book.

There's only one catch. They come knocked down in a carton. You have to put it together yourself.

Papa Gabor Dies at 81

BUDAPEST, Hungary (AP) — Vilmos Gabor, 81, father of the Gabor sisters, died in his sleep and was buried here Tuesday.

Harvest time makes a man think.

The bread God gives us has to be cut, threshed, shipped, baked, wrapped and delivered before it ever reaches our mouths. And long before, it had to be sowed in a ploughed field, cultivated, irrigated, and fretted over a thousand times.

Lots of work in it for man. No gift wrapping with a ribbon around it.

But don't think we could get along without God! Leave out His part and there would be no harvest — no point in all our work.

So wheat inspires worship! And every Sunday in Church reminds us that we never labor alone . . . that our labors gain fruitfulness from God.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support

the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Habakkuk Questions Gods' Way

HOW PROBLEMS LEAD TO PRAYER, PRAYER LEADS TO GOD, AND GOD'S WORD LEADS US ULTIMATELY TO HIS PRAISE

Scripture—Habakkuk; II Kings 23:29-37.

By N. SPEER JONES

AT THE same time that the prophet Jeremiah was preaching to the people of Jerusalem, a prophet named Habakkuk was also forecasting their doom.

Unlike Jeremiah, this man apparently did not preach to the people.

Like Isaiah, he may well have written his oracle on a stone tablet and left it in a public place, as Habakkuk 2:2 would indicate. Such tablets were well-known; John Calvin believed them to be hung up in the temple; Martin Luther felt they were put in the marketplace. The phrase "that he may run that readeth it" has given some difficulty; it probably means writing so clear that it could be skimmed and understood.

We know practically nothing of the life of this prophet, except that he seems to have been

From 1:12 through 2:20, the "wicked" are no longer the people of Jerusalem, but the plunderers, the Chaldeans. Those who hold to the two-author view feel that this indicates a much later date of authorship, after the Chaldeans had proved themselves "plunderers of many nations" (2:8).

However, I think we must remember that this is a prophecy, dealing with the future.

There is another factor which may explain this reference. The Chaldeans (or Babylonians) came to power about 605 B.C., when they won their first great battle, overwhelming the Egyptians under Necho at Carchemish.

For almost 300 years before that, the great power in the world was Assyria, which extended her empire from the Persian Gulf north to the Caspian and Black Seas, to the Medi-

a Levite. We are not even sure when he lived, for although the first chapter indicates a date of about 600 B.C., the authorship of the whole book is so cloudy that most modern scholars feel that more than one writer, at more than one time, was involved.

The name "Habakkuk the prophet" is signed at the beginning of the first chapter and again at the beginning of the third. Yet the third chapter is totally different in tone from the first two. It is a psalm, bearing a title like those in the book of Psalms, and it appeared with the other psalms in the so-called Director's Psalter, compiled in the early Greek period. Because it bore Habakkuk's name, it was apparently attached to the rest of the book by a later editor.

Some scholars also feel that even the first two chapters were by two different authors. In 1:2-11, the author calls for salvation from the "wicked" of Jerusalem itself, particularly the court and the king, apparently the cruel Jehoiakim. God replies that he is raising up an instrument for their punishment, namely the Chaldeans.

terranean and even into Egypt. Typically, the empire reached its greatest extent just before its fall, for the extension was too vast to maintain. In 642 Ashurbanipal harnessed four kings to his chariot in Nineveh. A brief 30 years later the last Assyrian king perished in the flames of that city, destroyed by the Chaldeans and the Medes.

When these two divided the empire, the Chaldeans continued many of the methods of the Assyrians under whom they had lived, and who were known as "plunderers of many nations."

The book itself may be divided into Habakkuk's problem (why wickedness seemed to succeed in the world) and God's answer (a punishment via the Chaldeans), occupying the first 11 verses of the first book; Habakkuk's prayer of his faith in God and his willingness to listen for His answers (1:12-2:2) and God's answer, including the five woes (applying both to Judah now and Babylon later) and God's reassurance that the righteous shall live by their faith (2:3-20); and the great hymn of praise which occupies the third chapter.

Yank Hissed For Rap at Soviet Policy

MOSCOW (AP)—Homer A. Jack of New York City was booed and hissed Thursday as he criticized the Soviet Union at the Communist-run World Peace Congress.

Jack is head of the U.S. "National Committee for a Sane Nuclear Policy." His speech was the sharpest criticism of Soviet policy yet delivered at the Congress, under way since Monday in a Kremlin auditorium.

Most speakers have faithfully echoed the Kremlin line on all major policy matters.

But Jack spoke out against the iron-clad Soviet policy which demands criticism of Western tests, but says nothing about Soviet tests. Said Jack:

"We do not believe in having one standard for judging ourselves and another standard for judging others."

He denounced the Soviet nuclear tests of last autumn as "brutal and threatening." But he also denounced the current American tests and called Monday's big explosion "horrendous."

'Christian Agnosticism' Idea Is Explored by Presbyterian

NEW YORK (AP)—A young Presbyterian minister, who calls his belief "Christian Agnosticism," is using plays and abstract paintings in his work.

The Rev. William B. Glesne of the Spencer Memorial Church in Brooklyn says "I am sure that God exists but I can't prove it."

"To believe in God's existence is a matter of faith, but within the framework of this faith, there is this doubt as to the whereabouts of God," he added.

In an effort to re-affirm his own faith and that of his parishioners and in an attempt to discover more about God's manifestations in the world, Rev. Glesne believes in experimentation.

"It is an exploratory type of faith; faith grows with exposure. This is an old Greek idea, that is, to begin with things you don't know," he adds.

Because the Rev. Mr. Glesne does not subscribe to a division between secular and religious activities but believes that everything is under God, he feels free to draw upon the greatest works of art and literature.

He has discussed modern and classic plays, the dance, and art in his sermons as examples of God's spirit at work.

"Hamlet" was used to explore problems of personal freedom and pride; "King Lear," self discovery; "Death of a Salesman," self deception; "The Tenth Man,"

supernatural elements in the universe; and "Gideon," war between men.

After the sermons, there are seminars which at times include the Broadway actors who played leading parts. One of Glesne's reasons for using literature is that "God speaks as strongly through the great poets and artists of today as through the prophets of yesterday."

He reports that his congregation, which numbers about 200 persons, has shown great interest in his new approach and that about 100 attend the Sunday

His views first became widely known last June 30 when he appeared on an early morning radio program and espoused "Christian agnosticism." Since then, he says, he has received about 100 calls, most of them favorable, but some bitterly critical.

Habakkuk Questions Gods' Way

HOW PROBLEMS LEAD TO PRAYER, PRAYER LEADS TO GOD, AND GOD'S WORD LEADS US ULTIMATELY TO HIS PRAISE

Scripture—Habakkuk; II Kings 23:29-37.

By N. SPEER JONES
 AT THE same time that the prophet Jeremiah was preaching futilely to the people of Jerusalem, a prophet named Habakkuk was also foreseeing their doom.

Unlike Jeremiah, this man apparently did not preach to the people. Like Isaiah, he may well have written his oracle on a stone tablet and left it in a public place, as Habakkuk 2:2 would indicate. Such tablets were well-known; John Calvin believed them to be hung up in the temple; Martin Luther felt they were put in the marketplace. The phrase "that he may run that readeth it" has given some difficulty; it probably means writing so clear that it could be skimmed and understood.

We know practically nothing of the life of this prophet, except that he seems to have been

From 1:12 through 2:20, the "wicked" are no longer the people of Jerusalem, but the Chaldeans, the Chaldeans. Those who hold to the two-author view feel that this indicates a much later date of authorship, after the Chaldeans had proved themselves "plunderers of many nations" (2:8).

However, I think we must remember that this is a prophecy, dealing with the future.

There is another factor which may explain this reference. The Chaldeans (or Babylonians from the west of the Tigris) came to power about 605 B.C., when they won their first great battle, overwhelming the Egyptians under Necho at Carchemish.

For almost 300 years before that, the great power in the world was Assyria, which extended her empire from the Persian Gulf north to the Caspian and Black Seas, to the Medi-

a Levite. We are not even sure when he lived, for although the first chapter indicates a date of about 600 B.C., the authorship of the whole book is so cloudy that most modern scholars feel that more than one writer, at more than one time, was involved.

The name "Habakkuk the prophet" is signed at the beginning of the first chapter and again at the beginning of the third. Yet the third chapter is totally different in tone from the first two. It is a psalm, bearing a title like those in the book of Psalms, and it appeared with the other psalms in the so-called Director's Psalter, compiled in the early Greek period. Because it bore Habakkuk's name, it was apparently attached to the rest of the book by a later editor.

Some scholars also feel that even the first two chapters were by two different authors. In 1:2-11, the author calls for salvation from the "wicked" of Jerusalem itself, particularly the court and the king; apparently the cruel Jehoiakim. God replies that he is raising up an instrument for their punishment, namely the Chaldeans.

Yank Hissed For Rap at Soviet Policy

MOSCOW (AP)—Homer A. Jack of New York City was booed and hissed Thursday as he criticized the Soviet Union at the Communist-run World Peace Congress.

Jack is head of the U.S. "National Committee for a Sane Nuclear Policy." His speech was the sharpest criticism of Soviet policy yet delivered at the Congress, under way since Monday in a Kremlin auditorium.

Most speakers have faithfully echoed the Kremlin line on all major policy matters.

But Jack spoke out against the iron-clad Soviet policy which demands criticism of Western tests, but says nothing about Soviet tests. Said Jack:

"We do not believe in having one standard for judging ourselves and another standard for judging others."

He denounced the Soviet nuclear tests of last autumn as "brutal and threatening." But he also denounced the current American tests and called Monday's big explosion "horrendous."

'Christian Agnosticism' Idea Is Explored by Presbyterian

Barry, GOP Unit Reach Accord

'Citizens' To Shun Backing Any Individual

WASHINGTON (AP) — Rep. William Miller, R-N.Y., said Thursday organizers have pledged the National Republican Citizens Committee will not support any individual candidate for the 1964 party presidential nomination.

Miller, the GOP national chairman, and Sen. Barry Goldwater, R-Ariz., chairman of the Republican Senatorial Campaign Committee, have smoked a peace pipe over the issue.

"Bill Miller is still my chairman," Goldwater said after a conference Wednesday. "But I still think the citizens committee will prove to be a decisive influence in the party."

Miller said in a separate interview he and Goldwater remain cooperative, even though he supports the citizens group and the senator doesn't.

Goldwater's associates had been convinced that the citizens group was being organized to provide a vehicle to draft Richard M. Nixon, former vice president, for the presidential nomination if he wins the governorship of California in the November ballot.

They regarded the group as hostile to both the senator and Gov. Nelson A. Rockefeller of New York.

Not so, said Miller.

"It is clearly understood among all concerned that the citizens group will work in complete coordination with the national committee," he said. "There is the clear understanding that they will not support any particular candidate for the President or in the congressional elections, for that matter."

Miller indicated that the views of former President Dwight D. Eisenhower had prevailed in establishing the citizens group.

Eisenhower is likely to be even more in demand as signs increase that President Kennedy intends to let the campaign trail for Democratic candidates.

Mayor Richard J. Daley of Chicago said after a White House visit Wednesday that Kennedy will speak at a Democratic fund-raising dinner in Chicago, Oct. 19.

2 Men Held In Dayton in Drug Probe

DAYTON, Ohio (AP) — Police and federal agents have arrested and charged two men here with conspiracy to import narcotics as the climax of a long investigation that also included arrest of an American citizen in Korea.

Agents reported the case involved import of narcotics from Korea, but declined to say if any narcotics had been seized during the investigation.

Arrested here were John P. Radican, 23, a University of Dayton student from Elyria, and Arlie Bush, 53, of (503 E. 14th St.) Newport, Ky. Both were charged with conspiring to import and facilitate the transportation of narcotics, and Radican in addition was charged with using the mails in an attempt to unlawfully import narcotics.

The identity of the American arrested in Korea was not disclosed.

Radican and Bush were taken before a U. S. Commissioner who set Radican's bail at \$1,000 and Bush's at \$10,000 pending a hearing in federal court.

Ohio Navy Jet Pilot Is Seriously Injured

SAN DIEGO, Calif. (AP) — A Navy jet pilot, injured seriously when his F9F6K Cougar crashed at Point Mugu, Calif., Wednesday, has been identified as Lt. Frank J. Ellis, 29. He is the son of Mrs. Louis K. Ellis of Oberlin, Ohio. His wife and two children live in Coronado, Calif.

The World Today

WASHINGTON (AP)—Temperatures and guesses—on the twin subjects of spending and budget deficits—flash on and off like the lights on a pinball machine.

This annual rumpus is getting routine for, as time marches on, there are fewer and fewer people left to recall wistfully those good old days when budgets used to be balanced every year.

The government has just finished another year in the red. It will almost certainly land in the red again this year, too. That's no surprise.

In these past 32 years the government has wound up in the black—with revenue greater than expenses—only six times. And the end of deficit spending isn't in sight, despite President Kennedy's high hopes.

On June 30 the government closed out its 1962 fiscal year with expenses estimated at \$88 billion and income at \$81 billion—a \$7 billion deficit.

This was the second biggest postwar deficit. The biggest was in fiscal 1959 when the government, under President Eisenhower, went in the red for \$12.5 billion.

Last January Kennedy sent Congress his budget—his estimate of what it would cost to run the government another 12 months—for the fiscal year starting last July 1.

He figured spending at \$92.5 billion but revenue at about \$93 billion. This was hopeful. Too hopeful.

If it came true, it would put the government in the black for

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

Only a few light showers occurred in Ohio Thursday night as a weak cold front moved southward through the state. Cincinnati received .06 of an inch and Piketon .26.

Skies this morning were fair, but there was some scattered fog. Temperatures early today were from 55 at Toledo to 62 at Columbus and 68 at Marietta.

A weak high pressure area will dominate Ohio's weather today and tonight. Winds will be light and high temperatures today will be mostly in the 80s.

Winds will shift to southerly and strengthen Saturday, and showers are expected in the western counties by evening.

OHIO FIVE DAY FORECASTS

NORTHERN OHIO — Temperatures will average two to four degrees below normal. Normal high 84, normal low 63. Cool, lowest temperatures expected early next week. Rainfall will average about four-tenths of an inch in scattered thundershowers from late Saturday to early Monday.

SOUTHERN AND CENTRAL OHIO — Temperatures will average near normal except two to four degrees below normal east central. Normal high 84-89, normal low 63-66. A little cooler Sunday or Monday, but warmer by midweek. Rainfall will average one-half to one inch in thundershowers most likely on weekend.

Cincinnati To Host National Jazz Festival

CINCINNATI (AP)—Work has begun on arrangements for a major national jazz festival next month at the Carthage Fairgrounds.

The Hamilton County commissioners gave their approval to the project Thursday. It is sponsored by George Win and Dino Santangelo. It is scheduled for Aug. 24-26.

Wein, who helped to start the Newport, R. I., jazz festivals, said he has begun contacting musicians all around the country. He said he hopes the Cincinnati jazz festivals will become annual affairs.

Train Crash In Montana Under Probe

MISSOULA, Mont. (AP) — Two crewmen on a passenger train that crashed in Montana last month are accused of having been in bars just before they took over operation of the train. The wreck June 10 killed one person and injured 285 others.

The testimony was given by witnesses Wednesday at an Interstate Commerce Commission hearing under way here to try and determine why the Northern Pacific Railway's eastbound North Coast Limited plunged off a mountain grade at Elvado Hill, 15 miles northwest of Missoula.

A bartender and other persons testified the engineer and fireman of the train had been in two different bars in nearby Hot Springs and Paradise, but that both men appeared sober.

The engineer, Eldon Lynn, and fireman, Gerald Haines, have yet to testify.

Mrs. Gail White, wife of a Hot Springs area rancher, said she told Lynn "he should go home, get some sleep and sober up." She said he replied, "Don't worry, you don't have to steer the train, just push buttons."

Barry, GOP Unit Reach Accord

'Citizens' To Shun Backing Any Individual

WASHINGTON (AP) — Rep. William Miller, R-N.Y., said Thursday organizers have pledged the National Republican Citizens Committee will not support any individual candidate for the 1964 party presidential nomination.

Miller, the GOP national chairman, and Sen. Barry Goldwater, R-Ariz., chairman of the Republican Senatorial Campaign Committee, have smoked a peace pipe over the issue.

"Bill Miller is still my chairman," Goldwater said after a conference Wednesday. "But I still think the citizens committee will prove to be a decisive influence in the party."

Miller said in a separate interview he and Goldwater remain cooperative, even though he supports the citizens group and the senator doesn't.

Goldwater's associates had been convinced that the Citizens group was being organized to provide a vehicle to draft Richard M. Nixon, former vice president, for the presidential nomination if he wins the governorship of California in the November balloting.

They regarded the group as hostile to both the senator and Gov. Nelson A. Rockefeller of New York.

Not so, said Miller. "It is clearly understood among all concerned that the citizens group will work in complete coordination with the national committee," he said. "There is the clear understanding that they will not support any particular candidate for the President or in the congressional elections, for that matter."

Miller indicated that the views of former President Dwight D. Eisenhower had prevailed in establishing the citizens group.

Eisenhower is likely to be even more in demand as signs increase that President Kennedy intends to let the campaign trail for Democratic candidates.

Mayor Richard J. Daley of Chicago said after a White House visit Wednesday that Kennedy will speak at a Democratic fund-raising dinner in Chicago, Oct. 19.

2 Men Held In Dayton in Drug Probe

DAYTON, Ohio (AP) — Police and federal agents have arrested and charged two men here with conspiracy to import narcotics as the climax of a long investigation that also included arrest of an American citizen in Korea.

Agents reported the case involved import of narcotics from Korea, but declined to say if any narcotics had been seized during the investigation.

Arrested here were John P. Radican, 23, a University of Dayton student from Elyria, and Arlie Bush, 53, of (503 E. 14th St.) Newport, Ky. Both were charged with conspiring to import and facilitate the transportation of narcotics, and Radican in addition was charged with using the mails in an attempt to unlawfully import narcotics.

The identity of the American arrested in Korea was not disclosed.

Radican and Bush were taken before a U. S. Commissioner who set Radican's bail at \$1,000 and Bush's at \$10,000 pending a hearing in federal court.

The World Today

WASHINGTON (AP)—Temperatures and guesses—on the twin subjects of spending and budget deficits—flash on and off like the lights on a pinball machine.

This annual rumpus is getting routine for, as time marches on, there are fewer and fewer people left to recall wistfully those good old days when budgets used to be balanced every year.

The government has just finished another year in the red. It will almost certainly land in the red again this year, too. That's no surprise.

In these past 32 years the government has wound up in the black—with revenue greater than expenses—only six times. And the end of deficit spending isn't in sight, despite President Kennedy's high hopes.

On June 30 the government closed out its 1962 fiscal year with expenses estimated at \$88 billion and income at \$81 billion—a \$7 billion deficit.

This was the second biggest postwar deficit. The biggest was in fiscal 1959 when the government, under President Eisenhower, went in the red for \$12.5 billion.

Last January Kennedy sent Congress his budget—his estimate of what it would cost to run the government another 12 months—for the fiscal year starting last July 1.

He figured spending at \$92.5 billion but revenue at about \$93 billion. This was hopeful. Too hopeful.

If it came true, it would put the government in the black for

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

Only a few light showers occurred in Ohio Thursday night as a weak cold front moved southward through the state. Cincinnati received .06 of an inch and Piketon .26.

Skies this morning were fair, but there was some scattered fog. Temperatures early today were from 55 at Toledo to 62 at Columbus and 68 at Marietta.

A weak high pressure area will dominate Ohio's weather today and tonight. Winds will be light and high temperatures today will be mostly in the 80s.

Winds will shift to southerly and strengthen Saturday, and showers are expected in the western counties by evening.

OHIO FIVE DAY FORECASTS

NORTHERN OHIO — Temperatures will average two to four degrees below normal. Normal high 84, normal low 63. Cool, lowest temperatures expected early next week. Rainfall will average one-fourth of an inch in scattered thundershowers from late Saturday to early Monday.

SOUTHERN AND CENTRAL OHIO — Temperatures will average near normal except two to four degrees below normal east central. Normal high 84-89, normal low 63-66. A little cooler Sunday or Monday, but warmer by mid-week. Rainfall will average one-half to one inch in thundershowers most likely on weekend.

Cincinnati To Host National Jazz Festival

CINCINNATI (AP)—Work has begun on arrangements for a major national jazz festival next month at the Carthage Fairgrounds.

The Hamilton County commissioners gave their approval to the project Thursday. It is sponsored by George Win and Dino Santangelo. It is scheduled for Aug. 24-26.

Wein, who helped to start the Newport, R. I., jazz festivals, said he has begun contacting musicians all around the country. He said he hopes the Cincinnati jazz festivals will become annual affairs.

Train Crash In Montana Under Probe

MISSOULA, Mont. (AP) — Two crewmen on a passenger train that crashed in Montana last month are accused of having been in bars just before they took over operation of the train. The wreck June 10 killed one person and injured 285 others.

The testimony was given by witnesses Wednesday at an Interstate Commerce Commission hearing under way here to try and determine why the Northern Pacific Railway's eastbound North Coast Limited plunged off a mountain grade at Evaro Hill, 15 miles northwest of Missoula.

A bartender and other persons testified the engineer and fireman of the train had been in two different bars in nearby Hot Springs and Paradise, but that both men appeared sober.

The engineer, Eldon Lynn, and fireman, Gerald Haines, have yet to testify.

Mrs. Gail White, wife of a Hot Springs area rancher, said she told Lynn "he should go home, get some sleep and sober up." She said he replied, "Don't worry, you don't have to steer the train, just push buttons."

Ashville No. 2, DuPont Score Easy BR Wins

DuPont defeated Lindsey Bakery 19-9 in the only Babe Ruth major game played last night. The game between General Electric and Ashville No. 1 was postponed and will be replayed at a later date. Ashville No. 2 scored in every inning in defeating VFW 21-6 in the only scheduled Babe Ruth minor game.

Tom Copland with five hits in six at bats led the Duponters to their tenth win of the season. Bill Strehle and David Iery each had two hits. Chester Hill paced the Lindsey attack with four hits. George Hill and Jeff Lutz each had two hits in five at bats.

DuPont now has a record of 10-1 and Lindsey's mark stands at 3-8. Dore and Nance with four hits each paced the 21 hit Ashville barrage. Dore Socked two doubles and two singles and Nance hit four singles and scored four runs. Binion banged a triple and two singles and scored three runs and Lambert and Pickering each scored three runs.

Charles Hill was the big gun for the losers with four straight hits. All of his hits were doubles as he batted in four runs and scored one. Terry Hull had a double in four trips to the plate. Ashville now has a record of 9-1 and VFW is 3-6 for the season.

Homeruns Give Columbus Jets 9th Inning Win

By THE ASSOCIATED PRESS

Boom, boom. And there went the ball game.

That was the story Thursday night as a pinch-hitter and a relief pitcher banged back-to-back home runs with two out in the ninth inning to give the Columbus Jets a 5-4 victory over the Richmond Vs in one of three International League games.

Richmond tried a similar trick when Don Lock homered in the eighth for the Vs to break a 3-3 tie, but then Orlando McFarlane equaled it and Ron Blackburn finished the job for the Jets in the ninth.

Blackburn's homer gave him his third victory against four defeats for the Jets. The loss was pinned on relief pitcher Fred Kipp who served the consecutive homers. He is now 3-2.

Bob Bailey also hit a homer for the Jets in the fourth.

In the other games, Jacksonville beat Atlanta 4-2 and Buffalo whipped Rochester 10-6. Toronto and Syracuse were idle.

Coca Cola Wins 12th LL Tilt

Herald, Legion Post Wins; Bankers Tie

Undeclared Coca Cola won their 12th Little League game defeating Bingham 12-4. The Drugsters have not won a game this year.

The Herald defeated BPOE 10-2 and the American Legion edged Ralston 5-4.

In the Little League minors the first and second National Banks battled to a 17-1 tie at the end of six innings. The game is scheduled to be finished at 8:30 a. m. Saturday. The First National Bank had only five hits, including a home-run by Dick Schlegler.

The Coca Cola Jets pounded across eight runs in the second inning. Bob Tootle was three for four and scored two runs for the winners. Rick Sims and Dale Byrd pitched for the Jets.

Joe Winner's double and single and Dave Justice's triple powered the Herald victory over the Elks. The winners had a seven run third inning. Ron Stevens was the winning pitcher.

The American Legion team scored a come from behind victory. Their two runs in the last half of the last inning provided the winning margin.

Dan Radcliff, Legion rightfielder, poled a double, the only extra base hits for the winners. The Purina nine had four doubles. Jim Hill, Tim Leasure, Craig Lambert and Dan Smith collected the extra base hits for the losers.

Carter was credited with the win. He went the route fanning ten, issuing five walks and giving up eight hits. Leasure was the losing pitcher.

Vandermeer Picked To Pilot Syracuse

SYRACUSE, N.Y. (AP) — Double no - hit Johnny Vandermeer, who gained pitching fame with the Cincinnati Reds in the 1930s, was hired today to manage the limping Syracuse Chiefs of the International Baseball League.

He replaces Frank Verdi who took over in midseason last year from Gene Verble.

Vandermeer, 47, has been managing the Class D, Tampa team in the Florida State League for the last several years.

Al Booker, 80-year-old trainer from Ft. Mitchell, Ky., gave Eddie Arcaro his first mount at Agua Caliente when Arcaro was 16.

Cincy Reds Feel Better, Clobber Cubs

CHICAGO (AP)—The Cincinnati Reds—and their fans—are feeling better again.

Sure, the Reds are in fourth place, 8½ games behind National League leading Los Angeles. But they've won 8 of their 10 games this month and started out a three-game series with the Cubs Thursday with a rousing 8-4 victory.

And Frank Robinson is hitting again. He got three hits in five at bats Thursday, drove in three runs and scored two himself. That makes it 14 straight games he's hit safely—and 22 hits in 43 official at bats since the first of the month.

The Reds had some bad moments Thursday before Joy Jay picked up his 12th victory in 20 decisions. He yielded a single to George Altman in the second inning and one out later Andre Rodgers hit his fourth homer to put the Cubs ahead 2-0.

The Reds got back one run in the next inning when Eddie Kasko scored on Robinson's first safety.

Robinson tied it up in the fifth by singling after Blasingame was hit by a pitched ball. But the Cubs picked up two more runs in the sixth.

Gordie Coleman evened it with his 15th homer also scoring Robinson, who had got on base in a force play.

The deadlock continued until the ninth. Blasingame opened the inning with a triple. Robinson doubled him home and took third on a passed ball. Vada Pinson hit a single to right, scoring Robinson. John Edwards was walked intentionally and Leo Cardenas hit a triple to right, driving in the last two runs.

Hutchinson named Bob Purkey (14 - 2) to start today's game against Cal Koonze (7-2).

Browns Get New Halfback, QB

CLEVELAND (AP)—The Cleveland Browns obtained insurance at quarterback and offensive halfback in a five-player trade Thursday with the Los Angeles Rams.

Veteran quarterback Frank Ryan and halfback Tom Wilson will be coming to the Browns in exchange for Larry Stephens, a defensive tackle, and two undisclosed draft choices.

Ryan is slated as the Browns' No. 1 replacement for Jim Ninowski.

Acquisition of Wilson removes some of the pressure from Ernie Davis, the All-American from Syracuse, who is at the College All-Star camp and may need time to get acclimated when he joins the Browns in training at Hiram next month.

Pete Mauthe of Penn State kicked eight field goals in the 1912 season, a State record which still stands.

Essegian Sparks Tribe to Victory

By THE ASSOCIATED PRESS
Chuck Essegian, Cleveland's early season power popper, has slipped his slump.

The 30-year-old outfielder, whose batting average dropped 101 points since he reached his peak May 26, was tapped for pinch-hitting duty Thursday night and responded with a three-run homer that powered the Indians to a 6-4 triumph over Baltimore.

It was only the second homer and seventh run batted in for Essegian since he hit six homers in six games, boosted his average to .384 and seemed finally to have found his spot at Cleveland after spending eight years with 19 different clubs in organized baseball.

Relegated to occasional appearances by his woeful slump, Essegian came up against the Orioles after Willie Tasby had stroked a two-run pinch single, tying it 3-3 in the ninth. Essegian then hit home run No. 14.

The victory moved the second-place Indians within .004 points of the American League-leading New York Yankees, beaten by third-place Los Angeles 5-4 as Felix Torres drove in four runs for the Angels.

Elsewhere, Washington out-homered Minnesota 7-4 in 10 innings, Chicago White Sox left-hander Juan Pizarro fired a two-hitter that beat Detroit 3-2 and Kansas City and Boston split a doubleheader. The Athletics won the opener 5-4, the Red Sox took the nightcap 9-4 in 11 innings.

In the National League, the first-place Los Angeles Dodgers blanked the New York Mets 3-0 and remained a half-game in front of San Francisco, 5-3 winner over Philadelphia. Third-place Pittsburgh defeated Houston 6-4, Milwaukee whipped St. Louis 8-6 and Cincinnati belted the Chicago Cubs 8-4.

Torres' first inning triple with the bases loaded and a single by Lee Thomas sent the Angels into a 4-0 lead against the Yankees. Torres' sacrifice fly in the third inning drove in Leon Wagner with the deciding run. Wagner had doubled the only Los Angeles hit off loser Whitey Ford (7-5) and Jim Coates after the first inning. The Yanks pushed across four runs in the seventh before Dean Chance got Roger Maris on a pop out to end it and preserve the victory for Ted Bowsfield (5-3).

Jim King's second homer, a two-run shot that snapped a 4-4 tie in the 10th, followed by Harry Bright's solo homer, ended the Senators' seven-game losing streak and extended the fourth-place Twins' skid to five games. Chuck Cottier also homered for Washington while Harmon Killebrew (No. 19), Bob Allison and Earl Battey connected for Minnesota. Dave Stenhouse (7-4) was the winner with a seven-hit effort. Ray Moore (4-3) lost it.

Pizarro (8-7) struck out seven while posting his fourth consecutive triumph. He had difficulty only with Steve Boros, who

doubled and scored the first Tiger run, then doubled to drive in the other. The White Sox got their first run on Luis Aparicio's triple and a grounder by Camilo Carreon, scored their second on Joe Cunningham's homer and beat Don Mossi (7-10) in the eighth when Jim Landis doubled and Nellie Fox singled.

The Red Sox tied the opener 4-4 in the top of the ninth on Pete Runnels' three-run homer. But the A's came back to win it for John Wyatt (6-6) in the bottom half on a double by Ed Charles, a walk and a pinch-hit single by George Alusik. That made Mike Fornieles (2-4) the loser. The Red Sox broke the nightcap open in the 11th on two walks, a single by Runnels, Lou Clinton's triple and Bob Tillman's homer off Gordon Jones (3-2). Clinton also hit two homers in the game won by Dick Radatz (3-4).

A&P SUPER MARKET ISLAND ROAD

Essegian Sparks Tribe to Victory

By THE ASSOCIATED PRESS
Chuck Essegian, Cleveland's early season power popper, has slipped his slump.

The 30-year-old outfielder, whose batting average dropped 101 points since he reached his peak May 26, was tapped for pinch-hitting duty Thursday night and responded with a three-run homer that powered the Indians to a 6-4 triumph over Baltimore.

It was only the second homer and seventh run batted in for Essegian since he hit six homers in six games, boosted his average to .384 and seemed finally to have found his spot at Cleveland after spending eight years with 19 different clubs in organized baseball.

Relegated to occasional appearances by his woeful slump, Essegian came up against the Orioles after Willie Tashy had stroked a two-run pinch single, tying it 3-3 in the ninth. Essegian then hit home run No. 14.

The victory moved the second-place Indians within .004 points of the American League-leading New York Yankees, beaten by third-place Los Angeles 5-4 as Felix Torres drove in four runs for the Angels.

Elsewhere, Washington out-homered Minnesota 7-4 in 10 innings, Chicago White Sox left-hander Juan Pizarro fired a two-hitter that beat Detroit 3-2 and Kansas City and Boston split a doubleheader. The Athletics won the opener 5-4, the Red Sox took the nightcap 9-4 in 11 innings.

In the National League, the first-place Los Angeles Dodgers blanked the New York Mets 3-0 and remained a half-game in front of San Francisco, 5-3 winner over Philadelphia. Third-place Pittsburgh defeated Houston 6-4, Milwaukee whipped St. Louis 8-6 and Cincinnati belted the Chicago Cubs 8-4.

Torres' first inning triple with the bases loaded and a single by Lee Thomas sent the Angels into a 4-0 lead against the Yankees. Torres' sacrifice fly in the third inning drove in Leon Wagner with the deciding run. Wagner had doubled the only Los Angeles hit off loser Whitey Ford (7-5) and Jim Coates after the first inning. The Yanks pushed across four runs in the seventh before Dean Chance got Roger Maris on a pop out to end it and preserve the victory for Ted Bowsfield (5-3).

Jim King's second homer, a two-run shot that snapped a 4-4 tie in the 10th, followed by Harry Bright's solo homer, ended the Senators' seven-game losing streak and extended the fourth-place Twins' skid to five games. Chuck Cottier also homered for Washington while Harmon Killebrew (No. 19), Bob Allison and Earl Battey connected for Minnesota. Dave Stenhouse (7-4) was the winner with a seven-hit effort. Ray Moore (4-3) struck out.

Pizarro (8-7) lost out seven while posting his fourth consecutive triumph. He had difficulty only with Steve Boros, who

doubled and scored the first Tiger run, then doubled to drive in the other. The White Sox got their first run on Luis Aparicio's triple and a grounder by Camilo Carreon, scored their second on Joe Cunningham's homer and beat Don Mossi (7-10) in the eighth when Jim Landis doubled and Nellie Fox singled.

The Red Sox tied the opener 4-4 in the top of the ninth on Pete Runnels' three-run homer. But the A's came back to win it for John Wyatt (6-6) in the bottom half on a double by Ed Charles, a walk and a pinch-hit single by George Alusk. That made Mike Fornieles (2-4) the loser. The Red Sox broke the nightcap open in the 11th on two walks, a single by Runnels, Lou Clinton's triple and Bob Tillman's homer off Gordon Jones (3-2). Clinton also hit two homers in the game won by Dick Radatz (3-4).

Kingston News Report

By Miss Margaret Thomas
Phone NI 2-3495

Mr. and Mrs. Jerry Hammond and Timmy of Ratchfordsburg came on Tuesday and visited over the Fourth with his parents, Rev. and Mrs. Henry Hammond and family, and his brother and wife, Mr. and Mrs. Eddie Hammond and Debbie.

Mr. and Mrs. Charles DeLong and three children of Bellaire, Texas, have been visiting the past week with Mr. DeLong's brother and sister-in-law, Mr. and Mrs. Kenneth De Long, Roger and Jim. They also spent some time with Mr. and Mrs. Wayne DeLong and family in Columbus.

Mrs. Carrie Holderman and Miss Mildred Holderman had as their overnight guests on Thursday, Mrs. Holderman's grandson, the Rev. John P. Harman and his bride who were recently married in California. They also visited Rev. Harman's uncle, Mr. A. D. Ellis.

After spending a few days with their parents, Dr. and Mrs. J. P. Harman at Greensburg, Pa., the newly weds will begin their first pastorate at Warren, Pa.

Mrs. Wava Norman's guests on Sunday were her cousins, Mr. and Mrs. Emmett Knorr of Columbus, her nephew, Michael Parker, and daughter, Terry, and a friend, Phyllis Clark also of Columbus.

The nephew, Mr. Pakrer, is in the service and was home on a month's furlough from Germany.

Mr. and Mrs. George Siberell of New Caanan, Conn., came on Saturday for a weekend visit with his parents, Mr. and Mrs. Reece Siberell. Their two small sons, Peter and Brian, who have spent the past month here with their grandparents, returned to their home with their parents, when they left Sunday evening.

Ms. Laura Schneider of Hamilton spent the past week with her brother and wife, Mr. and Mrs. Lawrence Betz. Sunday's guests were another brother and wife, Mr. and Mrs. Pearl Betz of Columbus. Afternoon visitors were Mr. and Mrs. Robert Wolfe of Columbus.

Former residents of Kingston, Mr. and Mrs. Ray Carr who now live in Columbus were calling on old friends here on Thursday.

Mrs. Richard Harrington and children, Danie, Gregory, Pamela and Margaret of Pensacola, Florida, arrived on June 26 to spend a month with her parents, Mr. and

Mrs. Russell Wolfe.

Mr. Harrington will join his family here on August 4 and they will visit with his parents, who live in Circleville.

Dr. Mary Gardner a member of the faculty of University of Texas at Austin is spending a few weeks with her parents, Dr. and Mrs. J. P. Gardner.

The Methodist Men and their families enjoyed an outing at Goldcliff Park Tuesday. Many of the young people went swimming in the afternoon, and all joined in a picnic at 6:30 p. m.

The Ne Plus Ultra Sunday School class instead of having a picnic, are planning to go to the Fish Fry at Salem Church Thursday evening, July 19.

The July meeting of the WSCS was held at the home of the president, Mrs. Curtis Pyle, with 21 members and 2 guests present. Devotions were led by Miss Margaret Thomas.

The vice president, Mrs. Winston Hood, announced the study topic, "The Church and Today's Students." She also reviewed an article by Bishop Gumm, "Ways We Use Our Time". Miss Nancy Jones, representing the students, gave an interesting report of the week she spent at Girls' School at Ohio Wesleyan University. She thanked the Society for making this possible.

During the business meeting it was decided to have the September meeting as a carry-in dinner at 6:30 and to invite the Isabella Thoburn Circle to join with us.

Guests at this meeting were Nancy Jones and Sandra Jean Jenkins.

The refreshment committee, Mrs. E. W. Freshour, Mrs. Irene Brooks, Mrs. Curtis Pyle, and Mrs. W. A. Raub, served a dessert course.

Spending this week at the home of Mr. and Mrs. Dwight Davis, Jimmy and Kristi, are Mrs. Davis' niece, Mrs. Martin Hash and children Gwen, Martie, and Amy of Bidwell.

Bill Allison of Circleville came Sunday to visit also at the Davis home, a guest of his cousin, Jimmy.

Visiting from July 27 until the following Monday with Mr. and Mrs. Pearl Patrick were their cousins, Mr. and Mrs. Glenn Whitsel, Peggy Ann and Scott, from Layton, Utah.

been scheduled for tonight between the United States and France.

Instead, the British completed the first such call Thursday night. It was placed by scientists at the Goochhill Downs tracking station in Cornwall to fellow engineers at American Telephone & Telegraph Co.'s ground station at Andover, Maine.

AT&T designed and built the 170-pound Telstar at a cost of \$50 million, and paid the government nearly \$4 million to launch it from Cape Canaveral Tuesday morning. It was the first privately financed space venture.

The switchboard in outer space is whirling about the globe at an altitude of 600 to 3,500 miles.

Tonight, between 5 and 6 p.m., EST, another transatlantic phone call is scheduled through Telstar. This was to have been the "first," before England beat France to the punch.

Eugene J. McNeely, AT&T president, will talk from New York with Jacques Marete, French minister of posts and telecommunications.

Later, about 8:45 p.m., McNeely is scheduled to place a space-relayed call to Great Britain and to speak with an official of the British Post Office.

Hawaiian Girl Is Miss U.S.A.

Dreamy-Eyed Beauty Seeks World Honors

MIAMI BEACH, Fla. (AP)—A dreamy-eyed Hawaiian Beauty on her first visit to the mainland reigns today as Miss U.S.A.

Macel Leilani Wilson of Honolulu, chosen the fairest in the land Thursday night from among the queens of 40 states, competes tonight and Saturday for the Miss Universe title. Also seeking the honor are delegates from 50 nations.

"I needed the money to go to school," said sweet Leilani. She plans to attend San Francisco City College.

But school may have to wait until she completes a \$5,000 contract she will receive for public appearances. Her crown also entitles her to \$1,000 cash.

"My father told me not to settle for anything but first place," said the 19-year-old girl who earns \$250 a month as a receptionist.

Her father, Harry Wilson Jr., is a plumber. He and Mrs. Wilson recently moved from Honolulu to San Francisco. He is Hawaiian, Chinese and English; Mrs. Wilson is Portuguese.

Macel has dark brown hair and eyes, is 5 feet, 6½ inches tall and weighs 120. She said she measured 35-24-35 when she left home, but now is 36-23½-35½.

She attributes the change to a five-day stay in Hollywood, Calif., en route to Miami Beach.

"They fed us well," she reported. "My inches increased."

Bids Are Asked On Sandusky Job

COLUMBUS, Ohio (AP)—The Ohio Department of Highways plans to open bids Aug. 21 on a project designed to relieve traffic in the Port Clinton-Sandusky area.

Bids will be for the fill for the proposed new Bay Bridge.

The 2.75-mile project will provide for the base filling and all preliminary roadwork up to but excluding the laying of pavement. Fill for the approximate \$4.2 million grading project will extend 10 feet under water and 3 feet above with an average width of 175 feet below water and 93 feet wide at the top.

Building the fill now will allow earlier opening of the entire project, since a six months settled period is required. In the meantime bridge design can be completed, engineers said.

The bridge itself will be about 1,900 feet long and will have sufficient clearance to accommodate water traffic as opposed to the vertical draw bridge on the existing Bay Bridge. Fishing and pedestrians will be restricted to the old bridge and causeway.

Wife-Shooter Captured In Portage County Barn

WARREN, Ohio (AP)—A two-day search for a 32-year-old Warren man accused of shooting his wife ended Thursday night when authorities found him hiding in a barn along Ohio 82 in neighboring Potage County.

The man's wife, Joyce, 21, was reported in satisfactory condition at St. Elizabeth Hospital in Youngstown. The shooting took place early Wednesday along a street just outside Warren after Mrs. Heckman left her job at a factory.

been scheduled for tonight between the United States and France.

Instead, the British completed the first such call Thursday night. It was placed by scientists at the Goonhilly Downs tracking station in Cornwall to fellow engineers at American Telephone & Telegraph Co.'s ground station at Andover, Maine.

AT&T designed and built the 170-pound Telstar at a cost of \$50 million, and paid the government nearly \$4 million to launch it from Cape Canaveral Tuesday morning. It was the first privately financed space venture.

The switchboard in outer space is whirling about the globe at an altitude of 600 to 3,500 miles.

Tonight, between 5 and 6 p. m., EST, another transatlantic phone call is scheduled through Telstar. This was to have been the "first," before England beat France to the punch. Eugene J. McNeely, AT&T president, will talk from New York with Jacques Marete, French minister of posts and telecommunications.

Later, about 8:45 p. m., McNeely is scheduled to place a space-relayed call to Great Britain and to speak with an official of the British Post Office.

Hawaiian Girl Is Miss U.S.A.

Dreamy-Eyed Beauty Seeks World Honors

MIAMI BEACH, Fla. (AP)—A dreamy-eyed Hawaiian beauty on her first visit to the mainland reigns today as Miss U.S.A.

Macel Leilani Wilson of Honolulu, chosen the fairest in the land Thursday night from among the queens of 40 states, competes tonight and Saturday for the Miss Universe title. Also seeking the honor are delegates from 50 nations.

"I needed the money to go to school," said sweet Leilani. She plans to attend San Francisco City College.

But school may have to wait until she completes a \$5,000 contract she will receive for public appearances. Her crown also entitles her to \$1,000 cash.

"My father told me not to settle for anything but first place," said the 19-year-old girl who earns \$250 a month as a receptionist.

Her father, Harry Wilson Jr., is a plumber. He and Mrs. Wilson recently moved from Honolulu to San Francisco. He is Hawaiian, Chinese and English; Mrs. Wilson is Portuguese.

Macel has dark brown hair and eyes, is 5 feet, 6½ inches tall and weighs 120. She said she measured 35-24-35 when she left home, but now is 36-23½-35½.

She attributes the change to a five-day stay in Hollywood, Calif., en route to Miami Beach.

"They fed us well," she reported. "My inches increased."

Bids Are Asked On Sandusky Job

COLUMBUS, Ohio (AP)—The Ohio Department of Highways plans to open bids Aug. 21 on a project designed to relieve traffic in the Port Clinton-Sandusky area.

Bids will be for the fill for the proposed new Bay Bridge.

The 2.75-mile project will provide for the base filling and all preliminary roadwork up to but excluding the laying of pavement. Fill for the approximate \$4.2 million grading project will extend 10 feet under water and 3 feet above with an average width of 175 feet below water and 93 feet wide at the top.

Building the fill now will allow earlier opening of the entire project, since a six months settled period is required. In the meantime bridge design can be completed, engineers said.

The bridge itself will be about 1,900 feet long and will have sufficient clearance to accommodate water traffic as opposed to the vertical draw bridge on the existing Bay Bridge. Fishing and pedestrians will be restricted to the old bridge and causeway.

Wife-Shooter Captured In Portage County Barn

WARREN, Ohio (AP)—A two-day search for a 32-year-old Warren man accused of shooting his wife ended Thursday night when authorities found him hiding in a barn along Ohio 82 in neighboring Portage County.

The man's wife, Joyce, 21, was reported in satisfactory condition at St. Elizabeth Hospital in Youngstown. The shooting took place early Wednesday along a street just outside Warren after Mrs. Heckman left her job at a factory.
